

FULL CANOPY UTE ANIMAL MANAGEMENT

Available for single, extra and dual cabs.

This canopy is designed to support rangers to safely manage and transport companion animals and wildlife. This ergonomic solution ensures safety for handlers and comfort for the animals being transported. It is compliant with all national regulations and meets the highest industry standards.

Features and benefits

- + Sealed storage zone at front of canopy keeps your gear dry and separated from the animal compartment.
- + Anti-slip access ramp that tucks away under canopy when not in use.
- + Side and rear perforated panels with removable PVC covers for cross ventilation and a clear view of animals.
- + Segregated compartments with removable divider for transporting two animals.
- + Swinging rear doors with slot for animal pole to keep animals and handler safe when closing doors.
- + Flushing slots on both sides for easy hosing out and cleaning of animal cages.
- + Single key fob locks your vehicle and service body.

FEATURES & BENEFITS

Truck Service Body shown.

- A Aluminium polymer co-bonded construction.** For the lightest possible weight, maximum vibration absorption, reliability and rust resistance.
- B Concealed dual action adjustable hinge.** Keeps moving parts out of the weather, provides world-class security and sealing at the top, bottom and sides.
- C Flush floor system.** Never jam your fingers against a floor lip again! Easier to unload, use sliders and drawers.
- D Internal, external & under tray integrated fixing tracks.** For easy accessory repositioning & avoiding the need to drill holes in your service body.
- E Contoured body.** A unique shape designed with modern vehicle aesthetics, aerodynamics and fuel efficiency in mind.
- F Sealed tight.** The door seal channels water away, helping keep your workspace dry while the door is open. And our positive sealing system seals against dust and water ingress when closed.
- G Removable tail light panel.** Easy to replace if damaged and superior to welded tail light panels which can be costly to replace. Get back on the road quicker after minor accidents.
- H Security.** Single rotating lock handle with hardened locking rods and stainless steel striking plates offers unrivalled strength and security, giving you peace of mind.
Hidrive doors are also more easily replaceable than flush mounted designs.

TECHNICAL SPECIFICATIONS

BODY TYPE	Full Canopy
NAME	Municipal Ranger / Animal Management

BUILD	S81563 Extra Cab
DOORS	4

CANOPY

- Canopy: L2100 x W1850 x H900 x R2100mm
