

CLEANERS

Available for single, extra and dual cabs.

Boost your efficiency with a well-organised mobile workspace designed to keep all your cleaning supplies secure and within reach. Tailored for public facility maintenance workers, this service body provides secure compartments for both chemicals and bulky tools, making your job safer and faster.

Features and benefits

- + Three dedicated compartments for clean, dirty, and storage items help you stay organised, keeping your work area efficient and clutter-free.
- + The water tank with soap dispenser enables convenient hand and equipment washing, ideal for maintaining hygiene standards. Ensures service body stays clean and extends the life of your tools.
- + The lockable underbody rear roller drawer accommodates longer tools such as brooms and mops without cluttering the main storage space.
- + One-Click shelving provides ample storage space and transforms into a handy workstation to mix cleaning chemicals.
- + LED strobe flasher modules on each corner of the service body ensure high visibility in all lighting conditions, enhancing safety on the job.
- + Single key fob locks your vehicle and service body.

FEATURES & BENEFITS

Truck Service Body shown.

- A Aluminium polymer co-bonded construction.** For the lightest possible weight, maximum vibration absorption, reliability and rust resistance.
- B Concealed dual action adjustable hinge.** Keeps moving parts out of the weather, provides world-class security and sealing at the top, bottom and sides.
- C Flush floor system.** Never jam your fingers against a floor lip again! Easier to unload, use sliders and drawers.
- D Internal, external & under tray integrated fixing tracks.** For easy accessory repositioning & avoiding the need to drill holes in your service body.
- E Contoured body.** A unique shape designed with modern vehicle aesthetics, aerodynamics and fuel efficiency in mind.
- F Sealed tight.** The door seal channels water away, helping keep your workspace dry while the door is open. And our positive sealing system seals against dust and water ingress when closed.
- G Removable tail light panel.** Easy to replace if damaged and superior to welded tail light panels which can be costly to replace. Get back on the road quicker after minor accidents.
- H Security.** Single rotating lock handle with hardened locking rods and stainless steel striking plates offers unrivalled strength and security, giving you peace of mind.

Hidrive doors are also more easily replaceable than flush mounted designs.
