

# ELECTRICAL

Available for single, extra and dual cabs.

Hidrive's electrical build offers an efficient and secure mobile workspace, packed with features to meet all your needs. Our internal and external configurations provide ample storage for tools, parts, and components crucial for electrical work - everything you need within easy reach, so you're never slowed down.

## Features and benefits

- + The adjustable cable reel holder accommodates a range of electrical cable reels and drums for secure and accessible storage of various cable types - perfect for any electrician on the go.
- + One-Click Vehicle drawers with removable inserts provide effortless organisation and separation of smaller electrical equipment so tools and parts are kept tidy and in easy reach.
- + The engineers vice and fold-down vice holder provides a safe, stable and secure work area.
- + Rear folding steps allow safe and easy access to the trades rack and roof accessories, making it simple to reach high storage areas and enhancing safety on the job.
- + The conduit carrier offers secure storage for conduit, keeping it protected while on the move.
- + The Hidrive parts cabinet is ideal for storing a wide variety of fasteners and anchors, ensuring quick and easy access to the parts you need for any job.
- + Single key fob locks your vehicle and service body.

# FEATURES & BENEFITS

Truck Service Body shown.

- A Aluminium polymer co-bonded construction.** For the lightest possible weight, maximum vibration absorption, reliability and rust resistance.
- B Concealed dual action adjustable hinge.** Keeps moving parts out of the weather, provides world-class security and sealing at the top, bottom and sides.
- C Flush floor system.** Never jam your fingers against a floor lip again! Easier to unload, use sliders and drawers.
- D Internal, external & under tray integrated fixing tracks.** For easy accessory repositioning & avoiding the need to drill holes in your service body.
- E Contoured body.** A unique shape designed with modern vehicle aesthetics, aerodynamics and fuel efficiency in mind.
- F Sealed tight.** The door seal channels water away, helping keep your workspace dry while the door is open. And our positive sealing system seals against dust and water ingress when closed.
- G Removable tail light panel.** Easy to replace if damaged and superior to welded tail light panels which can be costly to replace. Get back on the road quicker after minor accidents.
- H Security.** Single rotating lock handle with hardened locking rods and stainless steel striking plates offers unrivalled strength and security, giving you peace of mind.  
  
Hidrive doors are also more easily replaceable than flush mounted designs.

# TECHNICAL SPECIFICATIONS

BODY TYPE	Full Canopy	BUILD	S81572 Single Cab
NAME	Electrical Service Body	DOORS	3

## CANOPY

- Canopy: L2400 x W1850 x H900 x R2100mm
