# SERVICE BODIES FOR UTES

Fit-for-purpose. On time. Nationally.

JAS-ANZ

ISO 9001 QUALITY  
Certified System

**ON-TIME  
GUARANTEE**

MADE  
HERE, FOR  
**CERTAIN**

“We invested in Hidrive Service Bodies for our utes and a Hidrive trailer for flexibility and reliability. During the day one team can be left with a trailer at one turbine, then another team can work out of the Service Body on the ute at a second turbine. Then at night, the utes go home and the trailer stays on site for the night crew.”

Brad Sheridan, Vestas Service Technician

# NOT ALL SERVICE BODIES ARE CREATED EQUAL

MAKE CERTAIN

Vestas has three nine year old Hidrive service bodies on utes and this six year old Hidrive trailer that are used extensively throughout its NSW wind farms. Learn from their video case study and others at [hidrive.com.au/case-studies](https://hidrive.com.au/case-studies)

**THEY MADE CERTAIN**

We have built over 20,000 service bodies since the 1990s. Here are some clients who made certain their service bodies were fit-for-purpose and on time.

# FIT FOR YOUR PURPOSE

Our 190 strong team design, manufacture and install fit-for-purpose service bodies for utes, trailers and trucks, on time, with certainty.

## A mobile workspace that's uniquely yours.

Jobs are always easier when your ute, trailer or truck is fitted out just for you. We take the time to listen and understand your trade. Then we make and fit what you need. This saves you time and daily hassles for years to come.

## Better resale - as Hidrives go the distance.

Whilst our structural warranty is 3 or 5 years,\* we know of bodies that have lasted 15+ years and must have done over 1 million kms. Make certain that your fleet is fit-for-purpose for years to come - and get better resale values.

## Functional, inside and out, top to bottom.

Benefit from our experience tailoring our modular system for every industry, across the 20,000 service bodies we've built since the 1990s.

# YOUR 10 POINT FIT-FOR-PURPOSE CHECKLIST

## Is it aluminium?

For durability, the lowest weight and maximum payload.

## Is it secure?

We're unaware of anyone successfully breaking into a Hidrive by prying the doors open.

## Is your seal on the door?

Seals around the entrance can be easily damaged when loading or unloading, letting in dust/water thereafter.

## Can you work out of it?

Gullwing doors shelter you from rain and sun.

## Will your gear move around?

Organise and secure tools and stock.

## Is it durable?

A Hidrive will not develop structural cracks or rust.

## Has it got integrated roof, ceiling, wall and underfloor fixing tracks?

Add or remove accessories without drilling.

## Do your utes look, function and perform consistently?

Ensure your team has a consistent fleet, nationally.

## Is it designed for maximum productivity?

Tailor your fitout with your choice from over 190 accessory types.

## Do you have national safety compliance?

Be ready for any job, anywhere, anytime.

**hidrive**  
MAKE CERTAIN

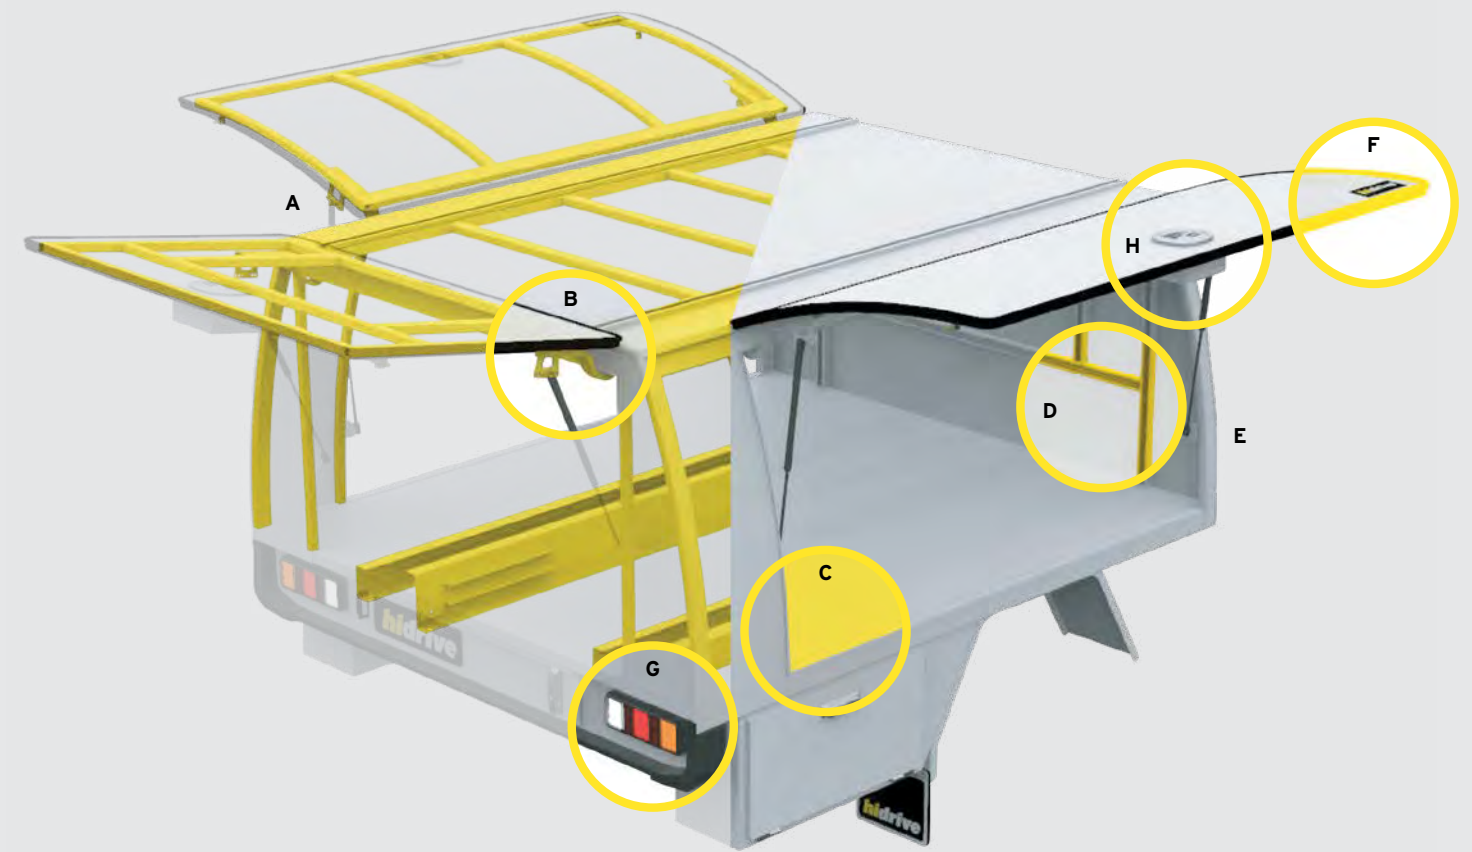

# UNRIVALLED RELIABILITY

Hidrive's light and durable aluminium ute canopies maximise payload and have been continually improved since the 1990s.

Engineered more like an aircraft fuselage than a traditional heavy steel box, Hidrive ute canopies have been bulletproof in the field for decades making them Australia's most popular.

**A Aluminium polymer co-bonded construction.** For the lightest possible weight, maximum vibration absorption and reliability.

**B Concealed adjustable hinges.** Ensure that moving parts are out of the weather and provide optimum security.

**C Flush floor system.** Never jam your fingers against a side lip again! Easier to unload, use sliders and drawers.

**D Internal, external & under tray integrated fixing tracks.** For easy accessory repositioning & avoiding the need to drill holes in your service body.

**E Contoured body.** A unique shape that blends with modern vehicle aesthetics, allowing for greater aerodynamics and improved fuel efficiency.

**F Sealed tight.** Our door open seal creates a gutter to channel water away, keeping your workspace dry while the door is open. And our positive sealing system seals against dust and water ingress.

**G Removable tail light panel.** Easily replaced. Don't fall for cheaper designs with welded tail light panels. Ensure your ute is back on the road quicker after minor accidents.

**H Security.** Single rotating lock handle with hardened locking rods and stainless steel striking plates offers unrivalled strength and security, giving you peace of mind. Hidrive doors are more easily replaceable than flush mounted designs.

# FORD QUALIFIED VEHICLE MODIFIER

As Australia's largest service body manufacturer, we work proactively and collaboratively with all major brands.

Our Ford Australia Qualified Vehicle Modifier (QVM) Certification is recognition of Hidrive's world-class ute service bodies and the entire process, end-to-end.

**The only Ford certified manufacturer that's national.**

Hidrive are the only service body manufacturer with a company owned national network of factories and Ford QVM certified installation / service locations.

**Electrical/safety system modifications.**

Significant electrical/safety system modifications are required to reintegrate into Ford's vehicle electronics.

**Keep your fleet compliant.**

Advanced driver assistance technologies means you cannot risk your fleet not being nationally compliant.

**DESIGNED.  
ENGINEERED.  
BUILT.  
IN AUSTRALIA.**

## WE MAKE MORE OURSELVES

**For consistency and on-time delivery.**

No other manufacturer designs, engineers and manufactures more fitted-out service body options than us. Your fleet can be completed faster and consistently for years to come.

What we don't make, we source locally as much as possible. So, when you want to add more vehicles to your fleet in future years or need spare parts, we can make more, without overseas shipping delay or hoping some factory overseas still makes something that looks or fits the same. We make these 25 listed product groups (in various sizes) from scratch in NSW/WA.

- Canopies, Tool Modules, U-Modules and Animal Management Bodies
- Shelves
- Drawers
- Sliders
- Towbars
- Vinyl Signage (from a few stickers to a full wrap)
- Slide Out Work Benches
- Side Steps
- Crane Bases
- Roof Racks and Roof Bars
- Dividers (mesh and full panels)
- Custom Roof Shelves
- Guards
- Underbody Boxes
- Underbody Roller Drawers
- Lockable Boxes
- Roll Over Protection Systems
- Ramps
- Bund Trays
- Safety Cone Holders
- Gas Bottle Holders
- Spare Tyre Holders
- Jerry Can Holders
- Hinges, Doors, Spares and more!

# A ONE-STOP SHOP THAT DELIVERS ON TIME, WITH CERTAINTY

We're Australia's leading one-stop-shop. We supply and fit over 190 different accessories. This means that we can fit everything from bull-bars to towbars, do your signage and more. Save the delays and hassles of arranging separate suppliers to fit your GVM upgrade, lighting, internal fitout, roof accessories etc.

## CustomerCare & Technical Support

We make it easy from day one.

Once you've completed your consultations with your Mobile Workspace Specialist and placed your order, our team of 10+ full time CustomerCare and Technical Support staff are there for you. They coordinate with your dealer, Fleet Management Organisation and our manufacturing team to provide:

- Accurate information on the status of your fleet project, using real-time information that is fed directly from our production system
- Live and transparent information on the location of all vehicles, stage of production and delivery timelines
- Weekly status report links that can be sent to all stakeholders

Hidrive is dedicated to providing the highest level of customer service to our clients throughout the journey of their fleet roll-out.

### National Support Network

Hidrive provides your business with nation-wide support. We have well-established installation and manufacturing locations and a national service network right across Australia.

### Hidrive Serial Numbers

Every build has it's own unique Hidrive serial number, enabling us to trace any service requirements back to the source with greater ease.

### Ongoing Support

Need advice, service, parts or accessories? Our national team is in place to get you back on the road with minimal downtime.

# THE HIDRIVE 4-STEP PROCESS

## Step 1

Notify us of your vehicle and cabin type.

## Step 2

Choose your Service Body.

- Full Canopy
- Part Canopy
- Tool Module
- U Module
- Animal Management

## Step 3

Service Body Variations.

- Colour Match Paint
- Front Ledge
- Side Doors
- Rear Doors
- Windows
- Rear Roller Drawer

## Step 4

Fitout.

- Service Body Protection
- Vents
- ROPS
- Equipment & Load Restraint
- Roof Mounted Accessories
- Tanks & Bunds
- Underbody Storage & Infill Panels
- Air, Lube, Fuel & Reels
- Lift, Hoist & Hydraulic
- Towing & Brake Controls
- Suspension
- Vehicle Accessories
- Site Safety
- Fridges & Slides
- Internal Storage
- Work Area Accessories
- Floor Coverings
- Battery, Charge & Volt Control
- Plugs, Switches & Lockout
- Cameras & Sensors
- Security, Locking & Warning
- Communications
- Lighting
- FleetBrand

To ensure your vehicle is fitted out for your purpose, the process starts with a free consultation with a Hidrive Mobile Workspace Specialist. Call 1300 350 625 to get started.

## CHOOSING THE RIGHT VEHICLE

A Hidrive Mobile Workspace Specialist can assist you in choosing the right vehicle as the foundation for your mobile workforce, ensuring your team can complete their job as efficiently and safely as possible. Let's discuss:

YOUR  
INDUSTRY

LOAD  
HANDLING

INTERNAL OR  
EXTERNAL STORAGE

PAYLOAD

EQUIPMENT  
SPACE

WORK  
ENVIRONMENT

Whilst the dimensions of the Hilux, Ranger, D-Max, BT-50, Triton, Navara, Amarok and other utes are unique, the modular design of Hidrive service bodies enables fitment to all those utes. With different mounting brackets, your Hidrive may fit any of these of the same cab type.\* Your initial choice is between vehicle cabin size and service body size. The longest service bodies fit on single cab utes, the shortest bodies fit on dual cab utes, and the extra cabs are in-between. Refer to page 77 for full dimensions.

\*E.g. A body made for a single cab would be too long to fit on a dual cab. Vehicle brands can introduce new models at any time, so call a Hidrive Mobile Workspace Specialist for advice before investing.

### SINGLE CAB TRAY LENGTHS

2400 - 2550mm

### EXTRA CAB TRAY LENGTHS

1950 - 2100mm

### DUAL CAB TRAY LENGTHS

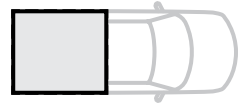

1650 - 1800mm

# STEP 2

CHOOSE  
YOUR  
SERVICE  
BODY

## FULL CANOPY

Rarely do you see someone carrying anything that can't go inside or on the roof of a full canopy.

- + Dust and watertight
- + Maximum security
- + Doors = staff shelter
- + 2 or 3 door access
- + Maximises branding space

See page 77 for available service body dimensions.  
Multiple accessories shown. Consult a Hidrive Mobile Workspace Specialist for details.

### FEATURED HIDRIVE

**STEP 1** Toyota Hilux Dual Cab

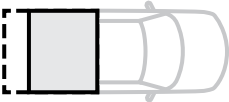

**STEP 2** Full canopy

**STEP 3** + Toyota Glacier White  
+ Gullwing side doors  
+ Full-width rear door  
+ Rear roller drawer

**STEP 4** Accessories as shown

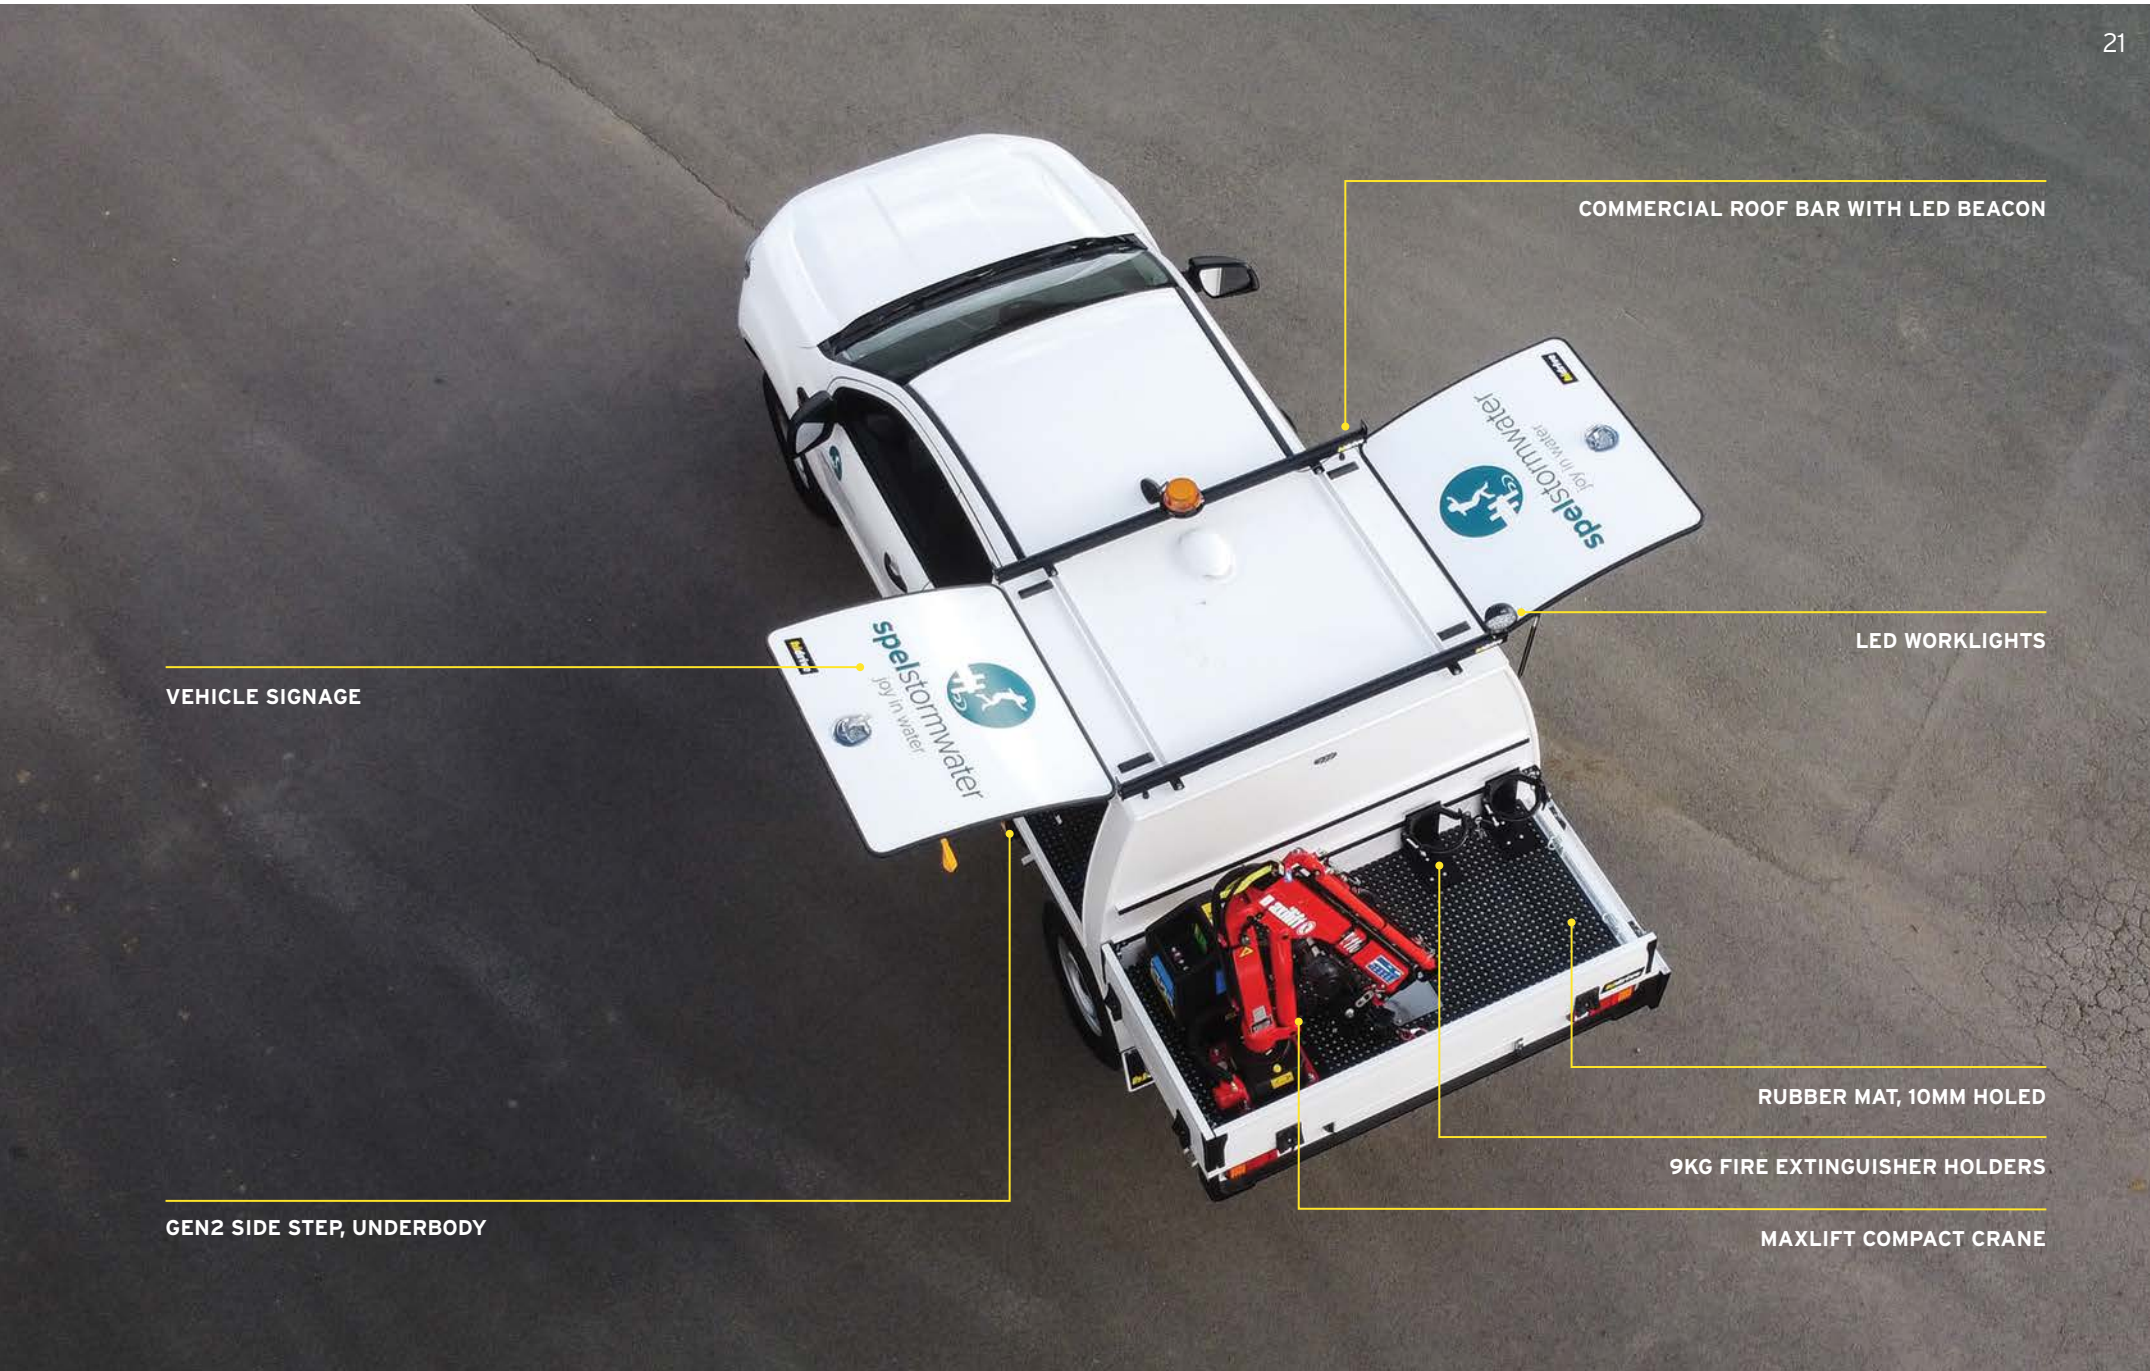

STEP 2

PART CANOPY

Nominate your canopy and tray length.  
Ideal for those who transport gas bottles or  
want a bet each way.

- + Best of both worlds
- + External accessory mounts
- + Good for high/bulky loads
- + Externally mount extinguishers
- + Keep dirty equipment out of your canopy
- + Space to fit a crane & controller

FEATURED HIDRIVE

STEP 1 Ford Ranger Super Cab

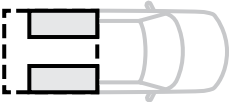

STEP 2 Part canopy

STEP 3 + Ford Arctic White  
+ Gullwing side doors  
+ Rear roller drawer

STEP 4 Accessories as shown

See page 77 for available service body dimensions.  
Multiple accessories shown. Consult a Hidrive Mobile Workspace Specialist for details.

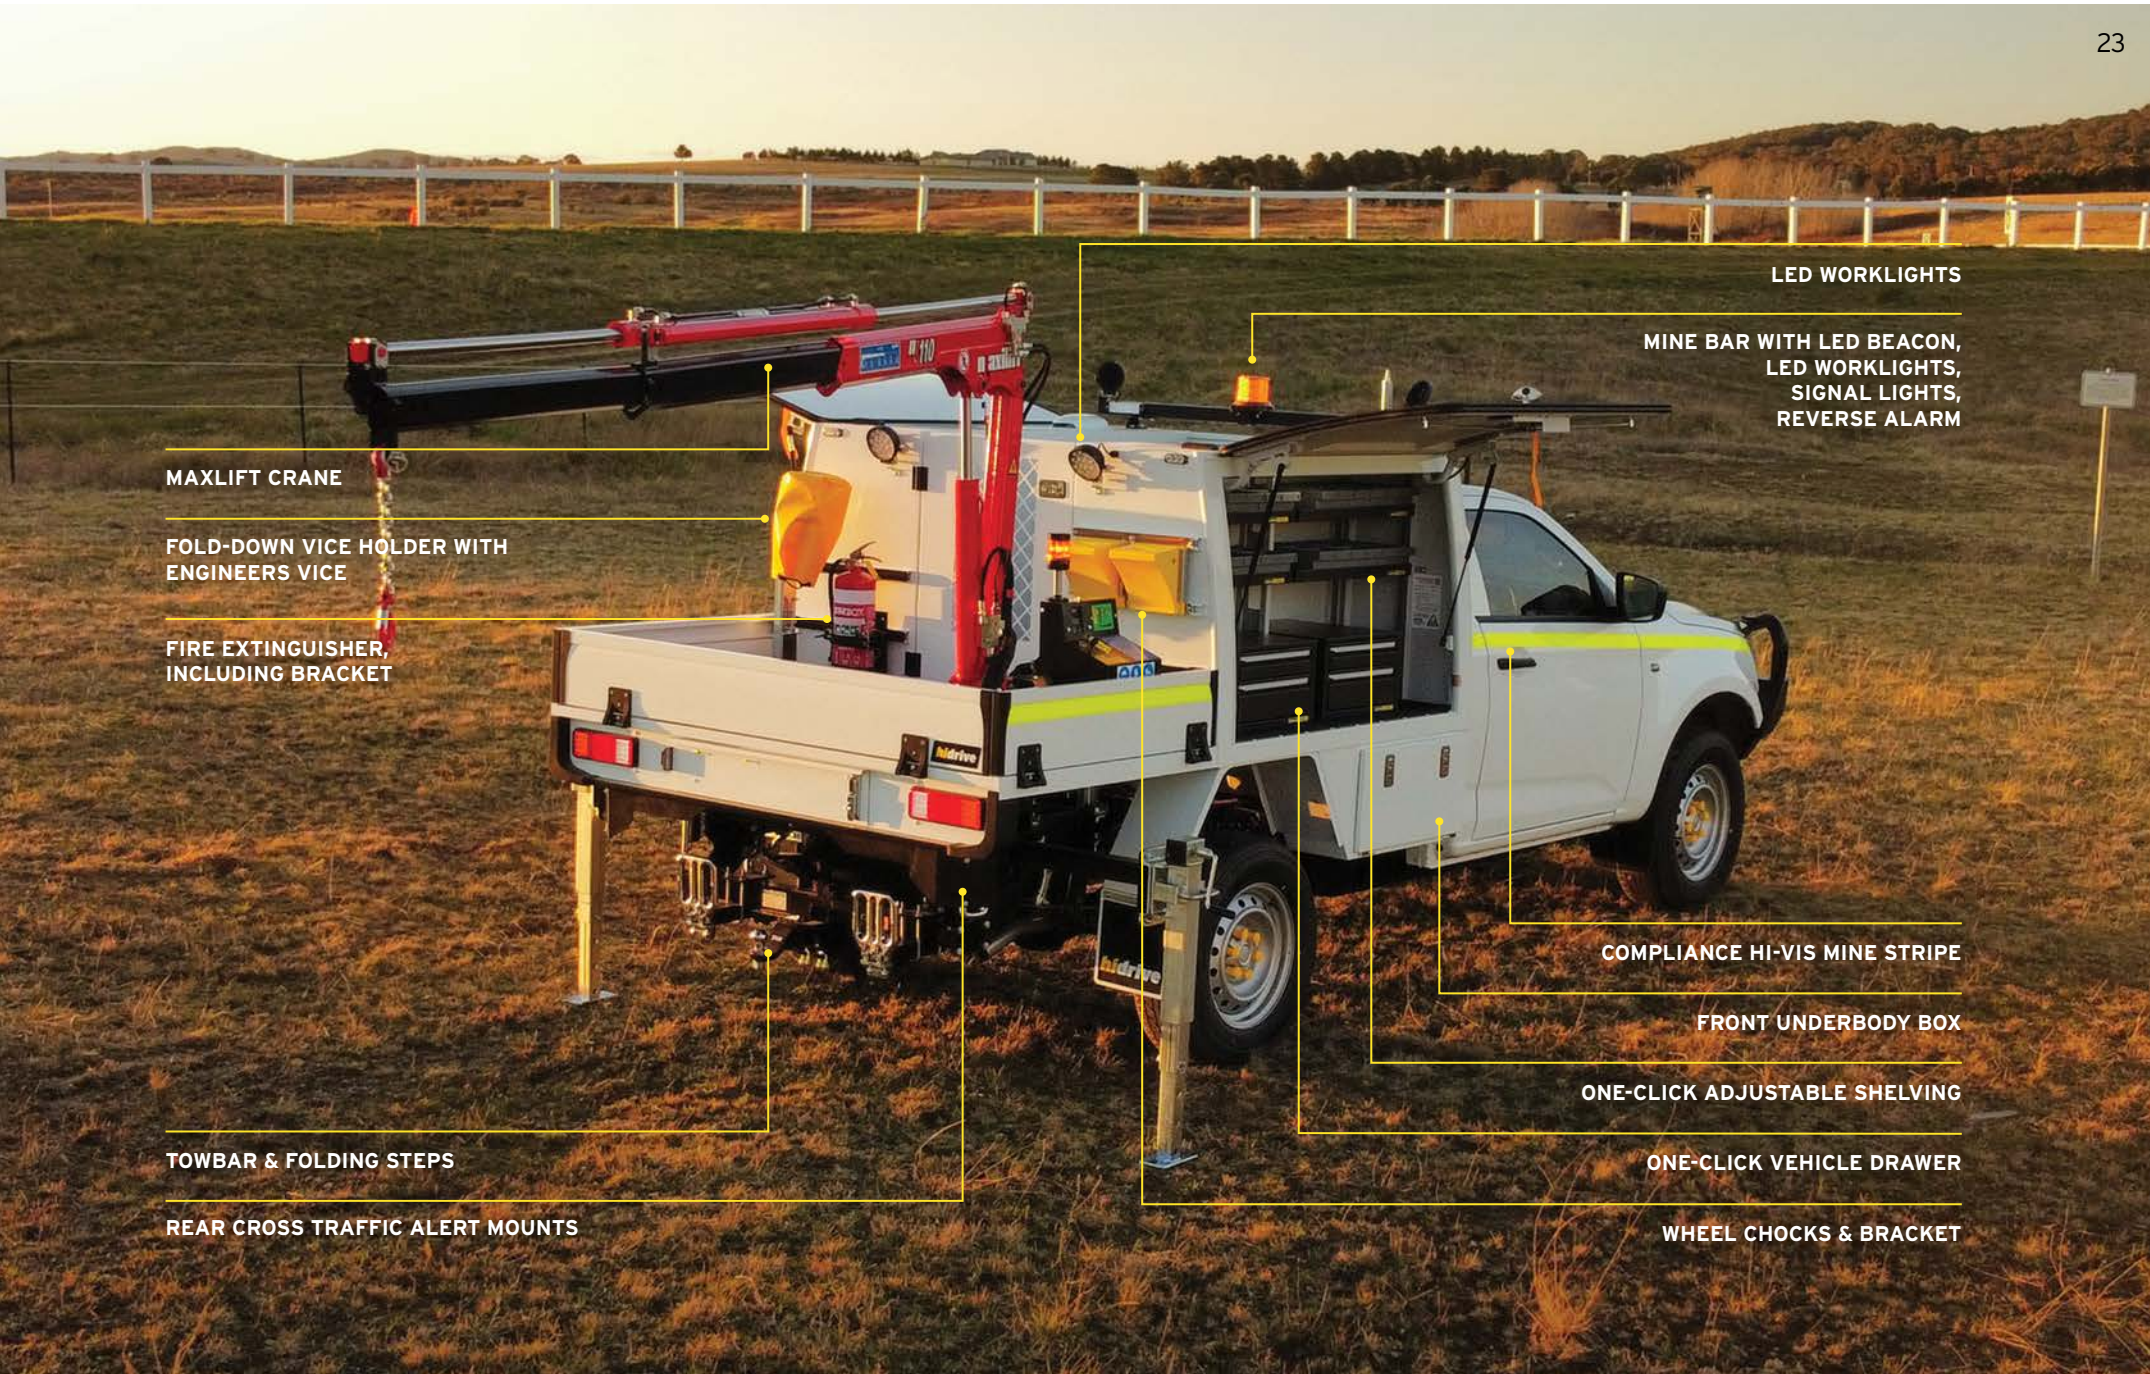

# TOOL MODULE

Maximum length centre aisle for longer or bulkier items that will not fit in our rear roller drawer, i.e. traffic signs, refuse, engine driven compressors or other equipment.

- + Secure tool sections
- + Lighter than tray & box combo
- + Maximises available payload
- + Maximises vertical flexibility

## FEATURED HIDRIVE

**STEP 1** Isuzu D-MAX Single Cab

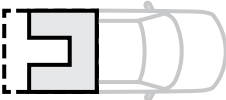

**STEP 2** Tool module

**STEP 3** + Isuzu Mineral White  
+ Gullwing side doors  
+ Rear roller drawer

**STEP 4** Accessories as shown

See page 77 for available service body dimensions.  
Multiple accessories shown. Consult a Hidrive Mobile Workspace Specialist for details.

# U MODULE

A great mix of the advantages of part/tool modules. Outside, there's aisle space for items such as compressors, plus a flexible rear tray area. Inside, you have more depth than a tool module, enabling you to secure stock and larger items such as:

- + Deeper drawers
- + Spare wheels & wheel lifts
- + Site signage / lollypop signs
- + Slide out fridge / generator
- + Large tools

A U MODULE IS CALLED A U MODULE AS FROM A BIRD'S EYE VIEW, IT FORMS THE SHAPE OF A U

WHIP AERIAL

## FEATURED HIDRIVE

**STEP 1** Toyota LandCruiser Single Cab

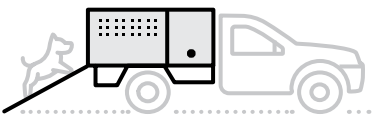

**STEP 2** U module

**STEP 3** + Toyota French Vanilla  
+ Gullwing side doors  
+ Rear roller drawer

**STEP 4** Accessories as shown

See page 77 for available service body dimensions.  
Multiple accessories shown. Consult a Hidrive Mobile Workspace Specialist for details.

# ANIMAL MANAGEMENT

Uniquely designed and engineered unit that complies with all National Codes of Practice for transportation of companion animals.

- + Available for Single, Extra and Dual Cabs
- + Animal handling/control pole compatible rear doors
- + Secure front storage compartment positively sealed against dust and water
- + Body can be swapped from ute to ute

Accessory Roof Bar, Beacon and Spotlights shown. See page 77 for available service body dimensions.

## FEATURED HIDRIVE

- STEP 1** Super Cab Ford Ranger
- STEP 2** Animal management service body
- STEP 3** + Ford Arctic White
- STEP 4** Accessories as shown

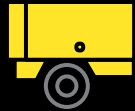

# STEP 3

SERVICE  
BODY  
VARIATIONS

## TAILOR YOUR WORKSPACE

Variations are choices to be made before we fabricate your service body.

### COLOUR MATCH PAINT

We paint match your service body to your vehicle using automotive grade 2K paint.

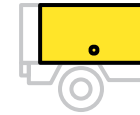

Getting this right impacts the impression of your brand with potential staff and customers for years to come. Don't risk the first impressions you make!

### FRONT LEDGE

Tray space at the front of the canopy, behind the cab.

Keep the weight up front for better handling. Customers often choose a 600mm ledge if mounting heavy items such as compressors. Customers who simply want to store thin items such as gas bottles and a vice can choose a 300mm ledge.

## SIDE DOORS

All service bodies come standard with a left and right gullwing door. Two other popular options:

#### Bi-Fold Door

Ideal for roadside work, or if you often park in tight spaces.

#### Extra Side Door with Sealed Divider

Creates sectioned off sealed internal compartment. The sealed compartment is recommended for teams that require separate wet and dry areas when on site.

# REAR DOORS

(FOR FULL CANOPY)

Upgrade from no rear door to either a standard width, full width or part width rear door for optimum access for your trade.

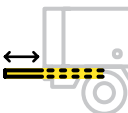

Book an appointment with a Mobile Workspace Specialist to request detailed dimensions and help with making the right choice.

# WINDOWS

Toughened automotive glass, flush bonded into front and rear service body panels.

Shown with accessory safety mesh.

# REAR ROLLER DRAWER

Efficient use of underbody area for secure storage.

- ☐ L1520 x D130mm
- ☐ L1920 x D130mm

Rolls out for easy access, incorporates staged safety locking keyed alike to service body doors. Shown with accessory lockable lid.

# ACCESSORIES TO GET THE JOB DONE RIGHT

**Complete your fitout.** Engineered for performance and designed to integrate perfectly with your service body, our extensive range of accessories will help you get even more out of your mobile workspace.

# Service Body Protection

**Chequer Plate Protection**  
H600mm chequer plate.  
Protects external painted surfaces from tools of trade and equipment.

**Paint Protection Film**  
H750mm paint protection film.  
Protect the work and load zone of external painted surfaces from scuffs, stains and paint damage.

**Dropside Protective Covering**  
Black poly edging. Protection from paint chipping and dents for a more professional look in front of clients. Boosts resale value and helps items slide over the dropside edges.

**Window Security, Safety Mesh**  
Added security and safety for front or rear windows.

# Vents

**Floor Vent**  
Air vent for additional fresh air ventilation through the floor.

**Aero Roof Vent, Venturi Type**  
Venturi style air vent for additional fresh air ventilation.

**Louvre Vent**  
Slim-lined, surface-mounted vent for side applications.

# ROPS

- ROPS Cell, Vehicle Specific**
- ☐ Toyota Landcruiser
  - ☐ Toyota Hilux
  - ☐ Ford Ranger
  - ☐ Isuzu D-Max
  - ☐ Mazda BT-50
- Roll Over Protection Structure Cell with removable halo. Removable halo for access to both ROPS and non-ROPS sites. Compatible for single and extra cab vehicles only.

ROPS Cell

ROPS Cell with removable Halo

# Equipment & Load Restraint

Rear Aisle Door & Sliding Aisle Cover

**Rear Aisle Door, Alloy Mesh**

- ☐ Alloy Mesh
- ☐ Full Panel

Full panel or mesh door to rear of centre aisle, lift-off hinges allow easy removal of door when unlocked. Various widths.

**Sliding Aisle Cover, Alloy Mesh**

- ☐ Alloy Mesh
- ☐ Full Panel

Full panel or mesh panel fitted to top opening of centre aisle. Slides out to rear for easy removal. Various widths.

**Removable Tool Module Aisle Divider**

Removable alloy mesh divider panel in centre aisle to assist with separating and securing the load.

**Centre Aisle Roller Shutter**

- ☐ W650mm
- ☐ W700mm
- ☐ W850mm
- ☐ W1000mm

Centre aisle roller shutter, neutral aluminium finish.

**Headboard**

Modular headboard provides protection for the vehicle from load items contained within the tray area.

**Maxtrax Holder, Strut Mounted**

Securely holds maxtrax recovery tracks.

**Load Covers**

- ☐ Rear Tray & Aisle (above)
- ☐ Rear Tray (right)
- ☐ Tonneau Full Aisle Cover Zippered (above)

Mesh load covers for securing items in the external tray section. Suitable for part canopy & tool module service bodies.

**Jerrycan Safety Holder**

Jerrycan safety restraint with provision for chain and padlock. Mounted to strut restraint rail.

**Gas Bottle Holder**

Gas bottle restraint with adjustable restraint straps to safely restrain single gas bottles up to 300mm diameter. Mounted to strut restraint rail.

**Lockable Gas Bottle Holder**

- ☐ SML/MED to suit D size gas bottles
- ☐ LRG to suit E size gas bottles

Secure storage of bottles with adjustable restraint to suit two bottles.

# Equipment & Load Restraint Cont.

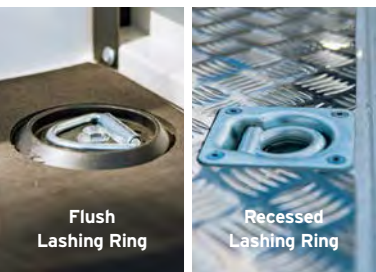

**Load Restraint Track & Lug Kit**

Load restraint tracks fitted to body including 4 piece adjustable / removable anchor points. Available in a range of lengths for different body configurations.

**Body Mounted Restraint Points**

Integrated Hidrive strut, per metre, fitted. Restraint rail fixed to body, accommodates adjustable eye bolts for equipment restraint.

**Tray Mounted Restraint Points**

- ☐ Flush lashing ring with black deck
- ☐ Heavy duty recessed lashing ring

Can be fitted to rear tray sections to secure load.

**Note:** Rated Tray Lashing also available on request.

**Spare Wheel Carrier, Lockable**

- ☐ Fixed
- ☐ Fold Down

Lockable spare wheel restraint, fixed or with fold down feature for safe installation and removal of spare wheel. Adjustable for various wheel sizes.

**Spare Wheel Holder**

Spare wheel mount allows you to mount light truck tyres.

**Camlock Strap, Ladder Strap With Snaphook**

Quick release cambuckle strap for ladder restraint.

**Ratchet Strap, Tie Down**

- ☐ Standard 25mm x 3m (250kg capacity)
- ☐ Bolt on 25mm x 1.8m (350kg capacity)
- ☐ S Hook 25mm x 4.5m (350kg capacity)

Heavy duty polyester black load restraint strap. Compliant to Aust. & NZ Standard AS/NZS 4380 2001.

**Shovel Holders**

Adjustable for safe, secure restraint of shovel or like-type tools.

# Roof Mounted Accessories

**Trades Rack**

- |  |  |  |
|--|--|--|
| <input type="checkbox"/> L1800 x W1310mm | <input type="checkbox"/> L3200 x W1310mm | <input type="checkbox"/> L2800 x W1450mm |
| <input type="checkbox"/> L2400 x W1310mm | <input type="checkbox"/> L1800 x W1450mm | <input type="checkbox"/> L3200 x W1450mm |
| <input type="checkbox"/> L2800 x W1310mm | <input type="checkbox"/> L2400 x W1450mm |  |

Commercial grade aluminium trades rack compatible with Hidrive accessories.

**Pipe Rack**

- ☐ W450 x L2400mm
- ☐ W450 x L3200mm
- ☐ W450 x L4500mm

Commercial grade aluminium trades rack to carry long pipes safely. Compatible with Hidrive accessories.

# Roof Mounted Accessories Cont.

**Commercial Roof Bar**

☐ 570mm   ☐ 1500mm   ☐ 1950mm  
☐ 1250mm   ☐ 1650mm   ☐ 2100mm  
☐ 1375mm   ☐ 1800mm

Heavy duty commercial roof bar including mounting feet. Features integrated accessory fixing strut to accommodate accessories.

**Commercial Roof Bar, 3 pce Kit**

☐ 1375mm   ☐ 1650mm  
☐ 1500mm

Heavy duty commercial roof bars, 3 pce kit including mounting feet. Features integrated accessory fixing strut to accommodate accessories.

**Commercial Roof Bar, Tool Module, 5 pce Kit**

Heavy duty commercial roof bar 5 pce kit including mounting feet. Suits tool module & u module service bodies. Features integrated accessory fixing strut to accommodate accessories.

**Ladder Roller To Suit Trades Rack Or Roof Bar Conduit Carrier with Locking Caps & support Bracket**

**Ladder Roller To Suit Trades Rack Or Roof Bar**

☐ L600mm   ☐ L1200mm

Compatible with Hidrive commercial roof bars and trades racks. Provides easy storage of extension or step ladders onto roof bars or trades racks.

**Step Ladder Slide With Roller**

☐ 2.6m

Incorporates restraint strap, ladder hooks and roller for easy ladder storage. Anti theft ladder cable lock also available.

**Extension Ladder Slide With Roller**

☐ 3.0m  
☐ 4.0m

Incorporates restraint strap, ladder hooks and roller for easy ladder storage. Anti theft ladder cable lock also available.

**Trades Rack Ladder Hooks, Pair**

Compatible with Hidrive commercial roof bars and trades racks for safe restraint of extension or step ladders.

**Roof Bar Cab Mount**

Single roof bar that mounts to the vehicle door jamb curves. Enables support of accessories positioned over the cab.

**Stacking Bracket**

Create angled storage with stacking brackets mounted to the tray and roof.

**Conduit Carrier, With Locking Caps**

☐ 100 Dia x L3100mm  
☐ 100 Dia x L4100mm  
☐ 150 Dia x L3100mm  
☐ 150 Dia x L4100mm

Conduit carrier with locking end caps.

**Conduit Support Bracket**

☐ Suits 100 Dia x L3100mm  
☐ Suits 100 Dia x L4100mm  
☐ Suits 150 Dia x L3100mm  
☐ Suits 150 Dia x L4100mm

Bracket to support longer conduit carriers that overhang the vehicle cab.

**Storage Pod**

☐ L1500 x W400 x H150mm  
☐ L1950 x W400 x H150mm  
☐ L2400 x W400 x H150mm

Roof mounted horizontal storage pod for longer items. Key Lockable.

**Removable Rear Roofbar Rack**

☐ Part width  
☐ Full width

Removable rear roofbar rack for rear tray section of tool module, u module or part canopy bodies.

**Ladder Cable Lock**

Anti theft ladder cable lock, compatible with ladder slides, trades racks and commercial roof bars.

**Awning, Pullout, Fiamma F45**

Pull out awning for extra weather protection from the side of the service body.

# Tanks & Bunds

12L Water Tank, Underbody Box, Wheel Chocks & Bracket

**Combi-Tank, 12L Water Tank**

Profiled underbody water tank with inbuilt soap dispenser. Designed to conform with the mudguard, this water tank enables fitment of an underbody box on the same side.

Available to fit RHS/LHS.

Size: Specific to vehicle.

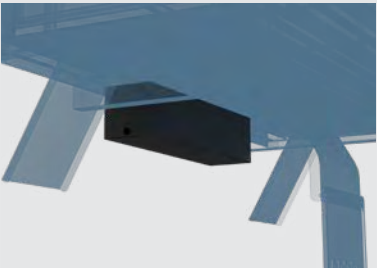

**Underbody Poly Water Tank, 15L, Soap Dispenser**

15L underbody water tank with soap dispenser.

**Underbody Poly Water Tank, 30L, Soap Dispenser**

30L underbody water tank with soap dispenser.

**Chassis Water Tanks**

- ☐ 15L
- ☐ 75L
- ☐ 38L

Water tank fitted under service body chassis.

**Headboard Water Tank, 35L**

35L water tank, positioned to the front headboard of service body.

**Pumps**

- ☐ Low Pressure 12V 3.8lpm/30psi
- ☐ High Pressure 12V 11lpm/45psi
- ☐ Low Pressure 24V 11lpm/30psi
- ☐ High Pressure 24V 13lpm/45psi

Reliable compact water pump that provides water delivery from onboard water tanks.

# Underbody Storage & Infill Panels

**Underbody Box**

Size: Specific to vehicle

Front/ Rear, RHS / LHS

Underbody aluminium box, profiled to vehicle and service body. Fitted with rubber door seals and compression lock.

**UBB Protection, Black Exdura**

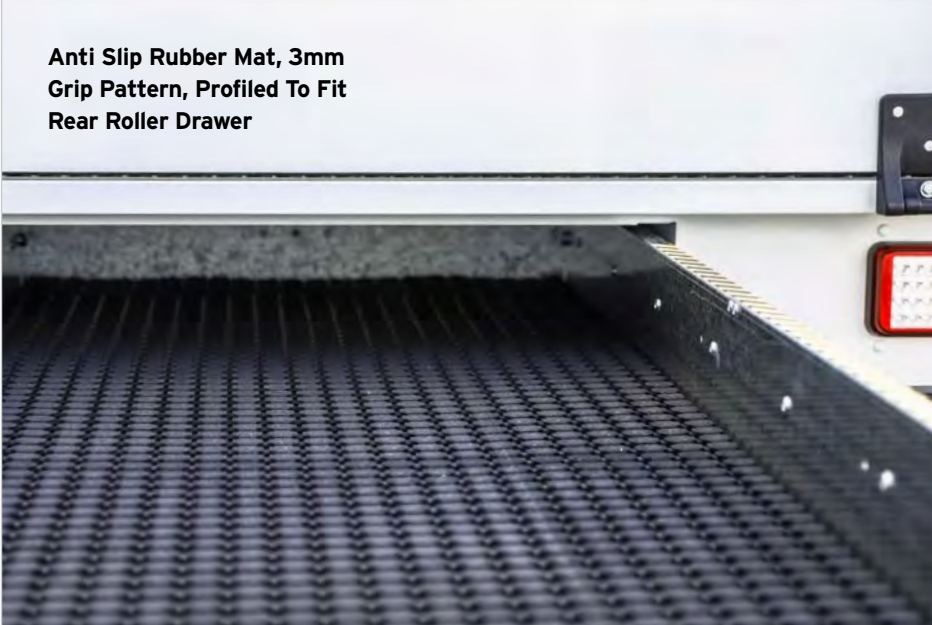

Added protection for underbody boxes with a heavy duty exdura coating to prevent paint damage and chipping.

**Infill Panel, Profiled To Fit Vehicle**

☐ Front LHS      ☐ Front RHS

Vehicle specific profiled infill panel with built-in step and fuel opening where required. Suits extra and single cab vehicles.

**Anti Slip Rubber Mat, 3mm Grip Pattern, Profiled To Fit Rear Roller Drawer**

**Rear Roller Drawer Lid**

- ☐ L1520mm
- ☐ L1920mm

Gas strut assisted hinged lid with seals, also creates a useful work surface.

See page 31 for larger image.

# Air, Lube, Fuel & Reels

**Diesel Air Compressor Traditional**

- ☐ 350lpm / 100psi
- ☐ 420lpm / 100psi
- ☐ 545lpm / 150psi

**Petrol Air Compressor Traditional**

- ☐ 350lpm / 100psi
- ☐ 420lpm / 100psi
- ☐ 540lpm / 150psi

Traditional style compressors are the work horse compressor. Their large air storage tank means that a work area can be blown down with the stored air without the need to start the compressor.

**Diesel Air Compressor Upright Under/Over**

- ☐ 350lpm / 100psi
- ☐ 545lpm / 150psi
- ☐ 720lpm / 150psi

**Petrol Air Compressor Upright Under/Over**

- ☐ 350lpm / 100psi
- ☐ 545lpm / 150psi

The upright over/under style compressors are the perfect high performing compressor when space is limited. Specifically designed with the mobile workspace in mind, they are great for positioning on the front tray area or the aisle of a service body.

**Diesel Air Compressor SMAC**

- ☐ 1132lpm / 100psi
- The SMAC rotary screw compressor is the ultimate air supply for a mobile workspace. Delivering an impressive 1132lpm at 100psi, it will keep up with the most demanding of mobile mechanic applications.

**Air Operated Grease Kit**

- Suitable for 20kg drum
- 50:1 ratio Pump with and output of approx. 1500g/min
- 15m delivery hose

The Hidrive high pressure grease kit is built to efficiently extract grease from a 20L drum.

The pump kit is designed to connect to a pneumatic line and grease reel for flexible reach.

**DC Electric Air Compressor With Air Tank**

- ☐ 12V Air Comp. 135lpm/29psi, 18L tank
- ☐ 24V Air Comp. 135lpm/29psi, 18L tank
- ☐ 24V Air Comp. 226lpm/100psi, 18L tank
- ☐ Portable 12V Air Comp

DC onboard air compressors, includes installation, plumbing, electrical cabling, switching and circuit protection.

**Aux. Air Tanks**

- ☐ 18L AUX Air tank

Auxiliary air tanks provide extra capacity air storage allowing your compressor to cycle on and off less frequently.

Compact design allows for flexible mounting positions.

**Retractable Reel Options**

- |   |  |   |
|---|--|---|
| <input type="checkbox"/> Air Reel, Retractor 10mm x 15m       | <input type="checkbox"/> Water Reel, Retractor, 12.5mm x 15m   | <input type="checkbox"/> Grease Reel, Retractor 6.5mm x 15m |
| <input type="checkbox"/> Air Reel, Retractor 12.5mm x 15m     | <input type="checkbox"/> Oil Reel, Retractor, 12.5mm x 10m     |   |
| <input type="checkbox"/> Air/Water Reel, Lubemate, 10mm x 14m | <input type="checkbox"/> Oxy/Acet Reel, Retractor, 2x5mm x 15m |   |

Retracting hose reels include installation bracket.

**Electric Lube Units**

Ideal for oil transfer in the field and effective removal of waste oil. A smart option to avoid the need for an air compressor to save space and weight.

# Lift, Hoist & Hydraulic

### Kevrek Cranes

KEVREK Cranes are your Australian made option for light truck and ute cranes, and are available in a configuration to meet many lifting and loading applications. Hidrive offers service body solutions compatible with the 550S, 700S and 1000S KEVREK Crane options. These smaller options are ideal for lighter applications especially on Light Commercial Vehicles/Utes.

Class	Model	Power	Control	Lift Capacity	Hydraulic Slew	Max. Load	Base/Stabiliser Inc.	Weight	Dual Battery Required
A	550S	12V/24V	STD/RRC	0.5 ton/m	290 deg.	550kg	N/A	135kg	N
A	700S	12V/24V	STD/RRC	0.75 ton/m	290 deg.	700kg	N/A	162kg	N
B	1000S	24V	STD/RRC	1.25 ton/m	310 deg.	990kg	N/A	183kg	Y

### Maxilift Cranes

MAXILIFT are a simple yet reliable option for light truck and ute applications, with their focus primarily on small to medium crane requirements. Hidrive offers service body solutions compatible with the ML.50 and ML.110 MAXILIFT crane options. These more compact cranes are a great addition to the Light Commercial Vehicle/Ute service body setup.

Class	Model	Power	Control	Lift Capacity	Hydraulic Slew	Max. Load	Base/Stabiliser Inc.	Weight	Dual Battery Required
A	ML50.2	12V/24V	STD/RRC	0.5 ton/m	330 deg.	500kg	N/A	101kg	N
B	ML110.2	12V/24V	STD/RRC	1.0 ton/m	330 deg.	990kg	N/A	155kg	Y

### Crane Bases

- Features:
- 1 or 2 tiltable manual stabilisers (depending on crane class)
  - Extendable Stabilisers with primary and secondary latching
  - Transport stowage alarms wired to audible and visual alarm in vehicle cab.

The Hidrive integrated crane base is an engineered crane base that integrates with the service body. Available for a variety of vehicle model variants the Hidrive integrated crane base provides the optimal level of operator safety and efficiency.

Class	No. of Stabilisers
A	1
B	2

### Tailgate Loaders

Assists load lifting for tool module and part canopies. Takes up to 300kgs with a simple one hand operation with manual winch.

# Towing & Brake Controls

### Towing Hitches

Combination pintle towball hitch. 3.5t capacity on 50mm ball. 6t capacity on pintle.

### Towbar, Vehicle Specific

Compatible with Hidrive Service Body, optional hitch types available, OEM wiring harness and trailer socket. Includes mounts for Hidrive folding rear steps & Hidrive recovery points.

Pintle Towball Hitch. See across

Rear Crossbar Platform. See p.50

Rear Folding Steps. See p.50

Recovery Points. See p.48

### REDARC TowPro Trailer Brake Controller

REDARC Towpro electric brake controller with proportional and user controlled modes.

### REDARC Trailer Brakeaway Monitor

REDARC #RM6000 breakaway monitor, fitted. Accurately monitors trailer breakaway system battery condition.

### Trailer Sockets

- ☐ Trailer Socket, 7 pin (round)
- ☐ Trailer Socket, 7 pin (flat)
- ☐ Trailer Socket, 12 pin (flat)

Easy attachment. Ensures a safe connection when towing trailers.

# Suspension

### FEDERAL COMPLIANCE

### GVM Upgrades

Increase the vehicle's legal GVM. Includes federal 2nd stage compliance. Options of Pedders Suspension or ARB Old Man Emu.

### Rear Suspension Upgrades

OEM rear suspension upgrade including springs and shocks, compliant up to vehicles legal GVM.

### Onboard Scales

Pedders LoadRyder™ provides accurate vehicle weight information, helping you avoid the risk of overloading your vehicle, preventing costly fines.

Site Safety Cont.

Fire Extinguisher, DCP & Bracket

- ☐ 1.5kg
- ☐ 2.5kg
- ☐ 4.5kg
- ☐ 9.0kg

DCP Extinguisher includes quick release vehicle bracket.

Wheel Nut Indicators

- ☐ 19mm flat
- ☐ 19mm 38mm ext
- ☐ 21mm 38mm ext
- ☐ 22mm 38mm ext
- ☐ 27mm flat

Range of safety wheel nut indicators for mining and civil compliance.

Wheel Chocks & Bracket

- ☐ 750mm rolling diameter
- ☐ 950mm rolling diameter
- ☐ 1400mm rolling diameter

With stainless steel quick release bracket.

Rear Folding Step, Pair, Fitted To Towbar

Folding step fitted to towbar/pair.

Rear Folding Step, STS Type, Fitted Over Towball

Hi-vis safety colour. Easily folds away to permit hitching of trailer. Assists safe access to rear tray area.

Rear Crossbar Platform Fixed Step, Fitted To Towbar

Hi-vis safety colour. Platform style step fitted around towball. Assists safe access to rear tray area and roof accessories.

Rear Fixed Step, 500x25mm

Hi-vis safety colour. Fitted in place of towball. Assists safe access to rear tray area and rear roof accessories.

GEN2 Side Step, Underbody

- ☐ 215mm (extra cab vehicle)
- ☐ 336mm (single cab vehicle)

Safety step fitted below tray with anti slip tread section. Suited to single and extra cab vehicles.

GEN2 Side Step, Underbody Dual Cab

Safety step fitted below tray with anti slip tread section. Suited to dual cab vehicles.

Grab Handle, Fitted To Body

- ☐ 200mm, black
- ☐ 300mm, safety yellow

Assists access to roof mounted accessories and when using underbody and rear steps.

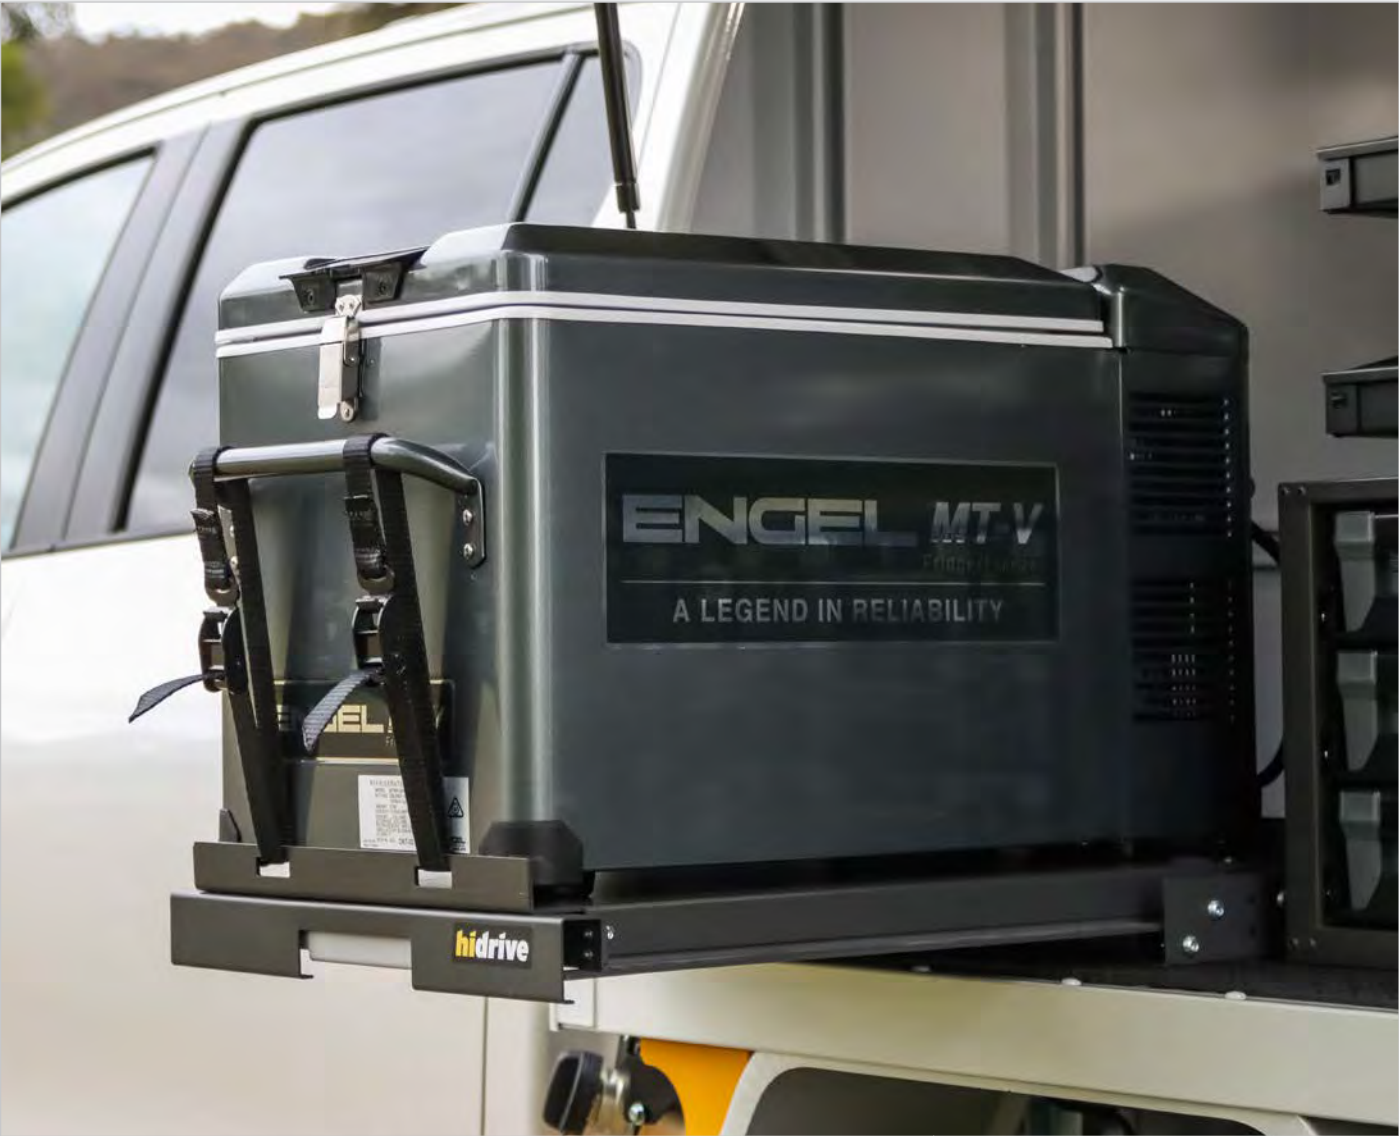

Access Ladder

Foldable, rear-mounted roof access ladder.

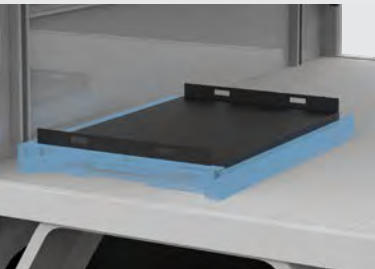

# Fridges & Slides

**One-Click Medium Duty Slides**

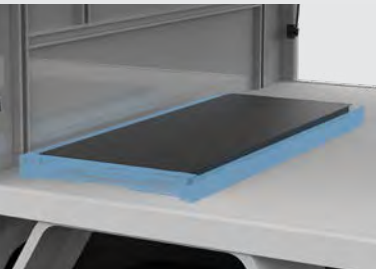

- ☐ W460 x L640mm
- ☐ W460 x L810mm
- ☐ W460 x L1050mm
- ☐ W690 x L520mm
- ☐ W690 x L810mm
- ☐ W690 x L1050mm
- ☐ W920 x L520mm

Compatible with Hidrive One-Click system. Improves the organisation and accessibility of your mobile workspace.

**Fridge Restraint Kits**

To suit all variants of One-Click medium duty slides.  
Restraint kit sizing is suitable to the current Engel fridge or freezer and fridge/freezer Combi.

**Work Bench Top**

To suit all variants of One-Click medium duty slides.  
Each One-Click medium duty slide has a compatible work bench top option, creating a uniform and organised mobile workspace.

**Engel™ Fridge Or Freezer**

- ☐ 14L
- ☐ 32L
- ☐ 39L
- ☐ 40L
- ☐ 57L
- ☐ 60L
- ☐ 75L
- ☐ 80L

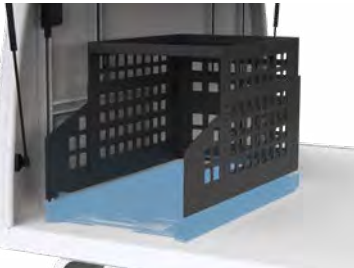

Proven Engel technology with Sawafuji swing motor.

**Fridge Transit Bags**

- ☐ 35L Fridge or Freezer
- ☐ 38L Fridge or Freezer
- ☐ 39L/40L Combi Fridge Freezer
- ☐ 57L/60L Combi Fridge Freezer
- ☐ 75L/80L Combi Fridge Freezer

Engel fridge bags protect fridges whilst on the worksite and in transit.

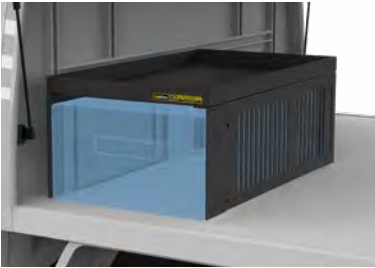

**Fridge Protection**

Adjustable fridge protection - compatible with relevant Hidrive medium duty slides & fridge restraint kits.

**Dometic™ Drawer Fridge, 30L**

Compact drawer fridge with adjustable temperature from -2 deg to +12 deg.

**Drawer Fridge Protection Barriers**

Protect drawer fridge on the worksite and whilst in transit.

**Dometic™, 33L Cool Ice Icebox With Restraining Bracket**

Tough and easy to clean. Seamless construction with drain plug, includes restraining bracket.

**Dropdown Fridge Slide**

Provides a safe and easily accessible fridge height.  
Clearview Easy Slide® shown.

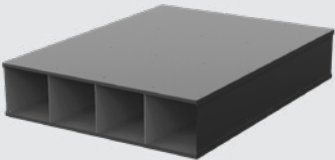

**Sideways Gas Bottle Slide**

- ☐ One-Click Slide: W460 x L1050mm  
Holds 3 x 300mm gas bottles
- ☐ W460 x L640mm  
Holds 2 x 300mm gas bottles

Ergonomic slide out gas bottle restraint to allow safe access to gas bottles utilising One-Click slide feature.

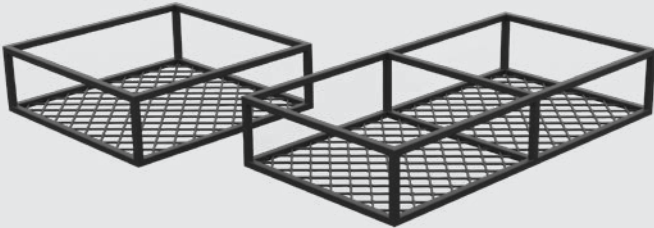

# Internal Storage

**Tripod Rack**

- ☐ 2 slot L1200 x W460 x H230mm
- ☐ 4 slot L1200 x W920 x H230mm

Tripod rack to accommodate either 2 or 4 tripods for safe storage of tripods.

**Internal Roof Shelf, Mesh Panel Type**

<input type="checkbox"/> L520 x W1210mm	<input type="checkbox"/> L1210 x W800mm	<input type="checkbox"/> L1935 x W800mm
<input type="checkbox"/> L750 x W800mm	<input type="checkbox"/> L1475 x W800mm	<input type="checkbox"/> Custom
<input type="checkbox"/> L980 x W800mm	<input type="checkbox"/> L1705 x W800mm	

Modular, strong and lightweight construction makes economical use of internal roof storage space. Compatible with One-Click shelving.

1

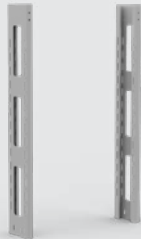

2

**One-Click Shelving, 3 Tier Kit**

Available in a range of standard sizes, in single and double bay combinations. Sizes are designed for optimal compatibility with Hidrive service bodies and other internal fitout options. The shelving kits are compatible with the One-Click vehicle drawers, One-Click parts cabinets, mesh dividers and mesh roof shelves. This allows for consistent fitouts that provide secure and reliable storage for your equipment and materials. Each kit comes standard with three x shelves that can be easily adjusted to suit your requirements.

	Length	Bays	Shelf Length
1	520mm	1	460mm
	750mm	1	690mm
	980mm	1	920mm
	1210mm	1	1150mm
2	1475mm	2	690mm
	1475mm	2 Unequal Bays	460mm 920mm
	1705mm	2 Unequal Bays	690mm 920mm
	1935mm	2	920mm

**One-Click Tool Module Shelving Support/Divider**

Intermediate shelving support. Accommodates One-Click adjustable Tool Module shelves.

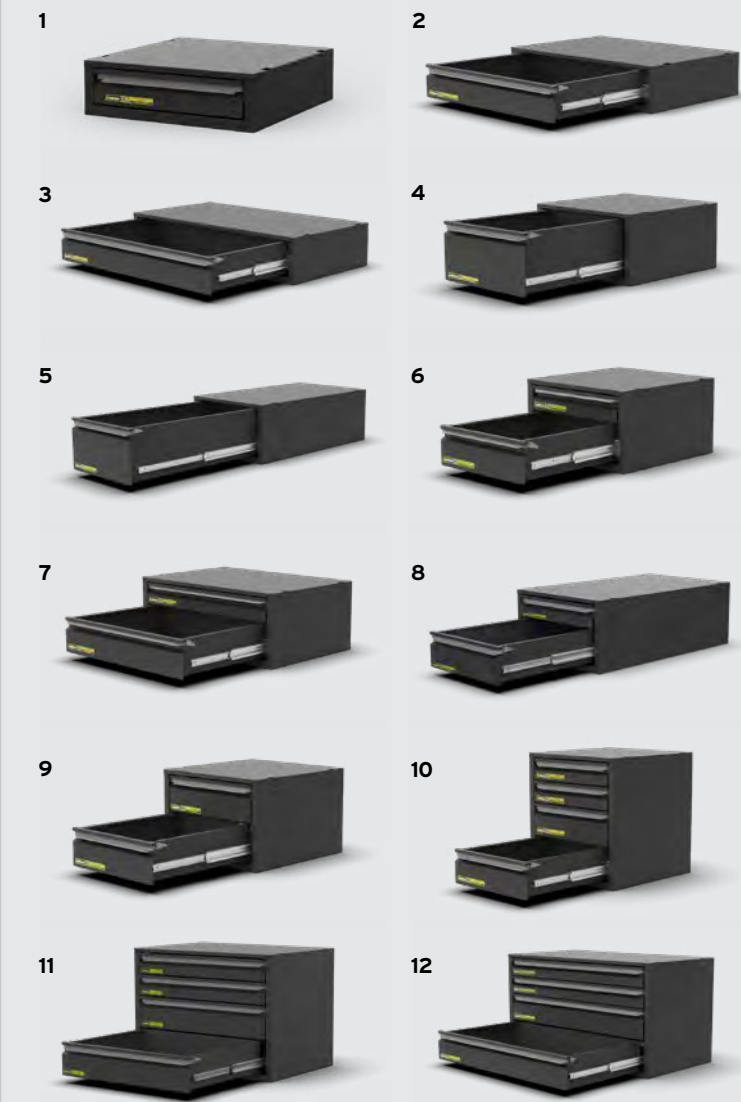

**Tool Module Adjustable Shelving**

- ☐ W310mm x variable length
- ☐ W410mm x variable length

One-Click adjustable shelves for tool module & u module service bodies, compatible with One-Click drawers, parts cabinets and parts bin kits (not included).

Internal Storage Cont.

**One-Click Vehicle Drawer**

Compatible with Hidrive One-Click shelving and parts cabinet options. The drawers feature our One-Click single hand operation latch, a 20kg safe work load and are powder coated to ensure long-term durability.

	Tier	Width	Length	Height
1	1	460mm	475mm	135mm
2	1	690mm	475mm	180mm
3	1	920mm	475mm	180mm
4	1	460mm	475mm	270mm
5	1	460mm	810mm	270mm
6	2	460mm	475mm	270mm
7	2	690mm	475mm	270mm
8	2	460mm	810mm	270mm
9	2	460mm	475mm	315mm
10	4	460mm	475mm	495mm
11	4	690mm	475mm	495mm
12	4	920mm	475mm	495mm

**Mechanics Drawer, 690x475x405mm, 4 Tier**

- 3 x 70mm drawers
- 1 x 130mm drawers

Commercial vehicle drawer unit. 4 drawers with heavy duty slides and latch operation.

**One-Click IT Drawer Insert**

Suits 460x475x85mm One-Click drawer. Provides safe and convenient storage for IT equipment or sensitive items.

Also available in 690 and 920mm widths.

**One-Click Vehicle Drawer Dividers**

- ☐ 460 x 475 x 85mm Drawers
- ☐ 690 x 475 x 85mm Drawers
- ☐ 920 x 475 x 85mm Drawers
- ☐ 920 x 475 x 130mm Drawers
- ☐ 460 x 810 x 85mm Drawers
- ☐ 460 x 810 x 130mm Drawers

Steel drawer insert with multiple adjustable or removable divider positions.

These parts cabinets are removable for optimal productivity.

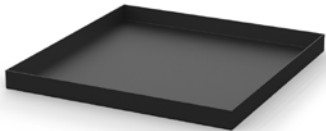

**One-Click Stackable Parts Cabinets**

One-Click stackable parts cabinets are the ideal storage solution for small parts and consumables. With the removal storage trays featuring removable/adjustable dividers and an ergonomic carry handle, these cases allow you to take your materials with you, greatly improving efficiencies.

	Tier	Width	Length	Height
1	2	460mm	475mm	225mm
2	3	460mm	475mm	315mm
3	4	460mm	475mm	405mm
4	5	460mm	475mm	495mm

Internal Storage Cont.

**Top Pan, Compatible with One-Click Drawer and Cabinet Units**

☐ 460 x 475mm

☐ 920 x 475mm

☐ 690 x 475mm

☐ 1150 x 475mm

☐ 810 x 460mm

Modular top pan, 40mm deep for storage of tools and equipment.

**One-Click, Lockable Compartment**

☐ L460 x D400 x H270mm

☐ L690 x D400 x H270mm

☐ L1620 x D230 x H270mm

Enclosed lockable box compatible with One-Click shelving.

**Parts Bins With Removable Dividers**

☐ L300 x W100 x H100mm

☐ L300 x W200 x H100mm

☐ L400 x W100 x H100mm

☐ L400 x W200 x H100mm

Parts bins to suit adjustable shelving. Available in kits to suit shelving kits or individually.

**Parts Tubs**

☐ L430 x W323 x H127mm, 13.5L

☐ L430 x W323 x H210mm, 22L

☐ L645 x W413 x H200mm, 32L

☐ L645 x W413 x H276mm, 52L

Parts storage tubs, lids available separately.

**One-Click Adjustable Cable Reel Holder**

☐ L460mm

☐ L920mm

☐ L690mm

Cable reel holder to fit shelving bay, adjustable retainer bar position for various cable reel sizes.

**Internal Divider, Mesh Panel Type**

☐ L520mm

☐ L1475mm

☐ L750mm

☐ L1705mm

☐ L980mm

☐ L1935mm

☐ L1210mm

☐ Custom

Internal dividing panel for safe easy internal space organisation and restraint. Compatible with One-Click shelving.

**Taper Divider, Mesh Panel Type**

☐ L1700 x H850mm

☐ Custom

☐ L1700 x H950mm

☐ L1900 x H850mm

☐ L2050 x H850mm

Internal dividing mesh panel with modular fixings. Designed to fit across service body.

**Full Panel Divider**

☐ L600 x H1350mm

☐ L1500mm

☐ L900mm

☐ L1800mm

☐ L1200mm

☐ Custom

Full panel internal divider for safe easy internal space organisation and restraint.

**Sealed Gas Box**

☐ W460 x D310 x H830mm

☐ W460 x D380 x H630mm

Gas bottle storage safety box, includes two adjustable gas bottle restraints. Sealed box is vented to outside atmosphere when installed.

**Accessory Hook, Roof Mounted**  
– L100mm

Convenient for storage for various tools of trade. Mounts on horizontal integrated Hidrive strut restraint rail.

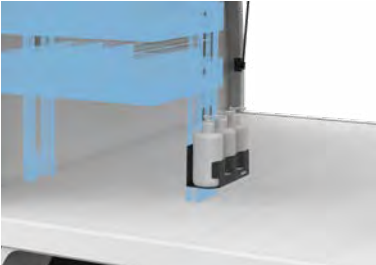

**One-Click Accessory Hook Vertical Fixing**  
– L100mm

Convenient storage for various tools of trade. Mounts on One-Click shelving frame or integrated Hidrive strut restraint rail.

**One-Click Vertical Fix Hose & Cable Hook**

Convenient for storage of cable and hoses. Mounts on One-Click shelving frame or integrated Hidrive strut restraint rail.

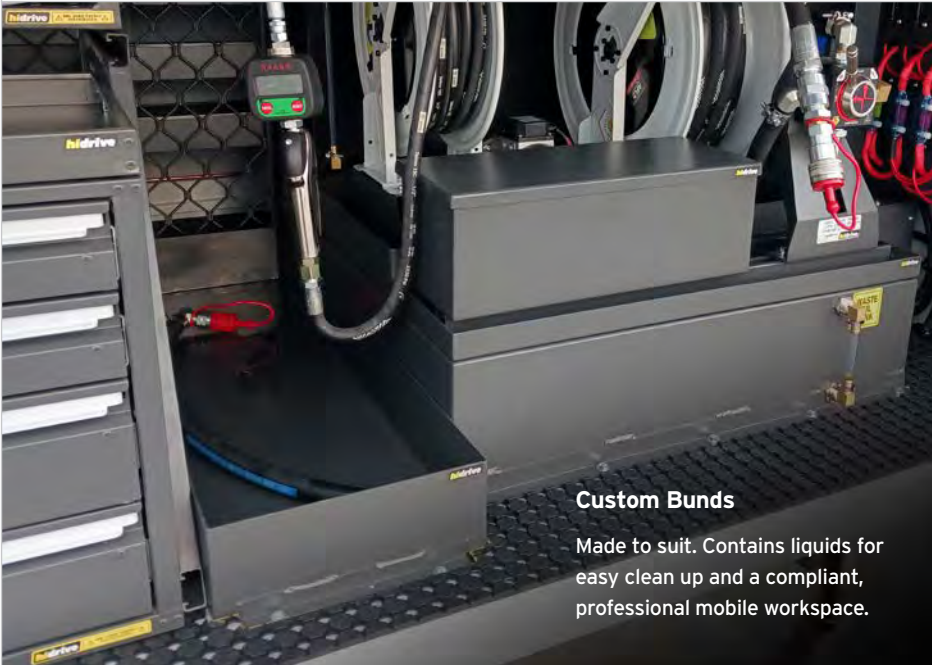

**One-Click Hygiene Station**

Convenient for onsite safety and hygiene. Includes three pump bottles. Mounts on One-Click shelving frame or integrated Hidrive strut restraint rail.

**One-Click Broom/Shovel Holder, Pair**

Storage for longer tools such as brooms, shovels and dog handling poles. Mounts on One-Click shelving frame or integrated Hidrive strut restraint rail.

**Custom Bunds**

Made to suit. Contains liquids for easy clean up and a compliant, professional mobile workspace.

**Composite Top With Tuffmat**

☐ L920 x W475mm

☐ L920 x W810mm

☐ L1380 x W810mm

☐ L460 x W1620mm

☐ L920 x W1620mm

Provides a protective drawer top surface to work from.

# Work Area Accessories

Vice Covers

- ☐ Suits 100mm Vice
- ☐ Suits 150mm Vice

Heavy duty vice cover for protection of vice when not in use. Compatible with fold-down vice holder.

Fold Down Vice Holders

- ☐ With 100mm Vice
- ☐ With 150mm Vice

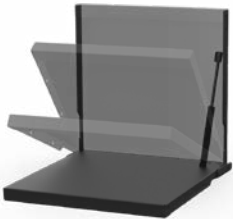

Engineers vice fitted to folding vice holder for easy compact storage.

Sliding Vice Holders

- ☐ With 100mm Vice
- ☐ With 150mm Vice

Engineers vice with sliding vice holder for safe and compact storage.

Flush Fold Down Workbench

- ☐ L460 x W350mm   ☐ L1150 x W350mm
- ☐ L690 x W350mm   ☐ L1380 x W350mm
- ☐ L92L x W350mm

Fitted inside door opening of body, folds away inside service body when not in use.

# Floor Coverings

Rubber Matting

- ☐ 3mm Anti Slip Grip Pattern   ☐ 6mm Solid   ☐ 10mm holed

Heavy duty rubber mat. Profiled to suit service body floor area.

Carpet

Heavy duty marine carpet. Profiled to suit service body floor area or accessory surfaces where required.

# Battery, Charge & Volt Control

**AGM Dual Battery DC Charger 12V**

- ☐ 100AH/20A

**AGM Dual Battery DC/Solar Charger 12V**

- ☐ 100AH/25A
- ☐ 140AH/25A
- ☐ 200AH/40A

**AGM Dual Battery DC/AC Solar Charger 12V**

- ☐ 140AH/30A
- ☐ 200AH/30A

**AGM Dual Battery DC/Solar Charger 24V**

- ☐ 100AH/20A

**Lithium Dual Battery DC/Solar Charger 12V**

- ☐ 100AH/40A

- ☐ 100AH/30A
- ☐ 200AH/30A

**Wet Cell Dual Battery DC/Solar Charger 12V**

- ☐ 100AH/25A

Fitted under bonnet.  
Landcruiser and Hilux only.

**REDARC Inverter**

- ☐ 350W
- ☐ 700W
- ☐ 1000W
- ☐ 1500W
- ☐ 2000W

12V or 24V DC - 240V AC. REDARC pure sine wave with overload, short circuit and over temperature protection. Load controlled cooling fan. Includes cabling.

**REDARC Inverter, With RCD**

- ☐ 350W
- ☐ 700W
- ☐ 1000W
- ☐ 1500W
- ☐ 2000W
- ☐ 3000W

12V or 24V DC - 240V AC. REDARC pure sine wave with RCD, overload, short circuit and over temperature protection. Load controlled cooling fan. Includes cabling.

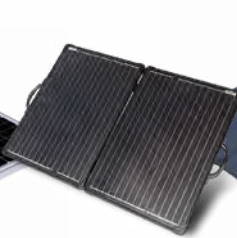

**Battery Monitor, Wireless, Hummingbird HMR2000B**

Monitor multiple batteries via remote colour screen with selectable alarm voltage parameters.

**Solar Panel**

- ☐ 50W
- ☐ 80W
- ☐ 120W
- ☐ 180W

**Solar Panel, Folding**

- ☐ 120W

**Solar Blanket**

- ☐ 150W

**240V Aux Battery Charger, Victron 10A Charger**

Allows charging of AUX battery system from 240V AC mains power supply.

**Battery Boxes**

- ☐ L475 x W475 x H315mm
- ☐ L810 x W240 x H315mm
- ☐ L380 x W194 x H263mm

Robust Secure storage of your batteries. Suitable for dual battery systems.

**Jump Packs**

- ☐ 12V 680 CCA 4400 peak amps
- ☐ 24V 340 CCA 2200 peak amps

Super duty portable jump starter installed with trickle charge from vehicle system.

**Booster Cables**

- ☐ 750amp, 4.5m, surge protected
- ☐ 900amp, 6.0m, surge protected

Premium heavy duty nitrile booster cable, fitted with 175A Anderson plug. Comes with carry bag.

# Security, Locking & Warning

Door ajar alarm with buzzer in cab

Central locking linked to vehicle system

12V double cig socket

LED interior lights with override switch through door alarm system

**Light, Lock & Go Kit**

- ☐ Available for 1, 2, 3, 4 or 5 door service bodies
- ☐ Upgrade with security alarm

Includes central locking linked to vehicle system, LED interior lights, door ajar alert, & 12V double cig socket. A must for the busy service tech who is serious about a functional service body that is easily unlocked via the OEM vehicle remote.

**Security Alarm, Fitted To Service Body**

- ☐ 12V
- ☐ 24V

Includes security alarm protection to service body with entry point protection to doors and high intensity LED deterrent light in vehicle cab with siren alarm.

**Central Locking**

- ☐ 79 Series LandCruiser (vehicle upgrade)
- ☐ Service Body Only (separate remote)
- ☐ Service Body Only (use vehicle key)

**Hand Brake Alarm Kit, Fitted**

The REDARC Handbrake Alarm is used to monitor the handbrake switch and doorframe or accessory switch, providing audible and visual warning to the driver if the door is opened while the handbrake is not applied.

**Door Ajar Alarm**

- ☐ No handbrake sensor
- ☐ With handbrake sensor

In cab alarm sounds if ignition is activated when one or more doors are open. Can be wired with the handbrake to only sound when handbrake is disengaged.

# Communications

**UHF & Antenna Kit**

- ☐ TX3100DP
- ☐ XRS-330c
- ☐ TX3500S
- ☐ TX3350

Fitted to Bullbar/Bonnet or service body roofbar.

**Antennas & Cable**

A range of UHF antenna kits available to suit your communication needs with different mount options available.

**Phone Cradle Kit**

- ☐ Bury series 9, complete kit fitted

Range of models available with compatibility to various devices and vehicles.

**Tablet Cradle Kit**

- ☐ 7" - 8" Tablet
- ☐ 12" Tablet
- ☐ 9" - 10" Tablet

Range of models available with compatibility to various devices and vehicles. Option to fit in the cab of vehicle or in the service body.

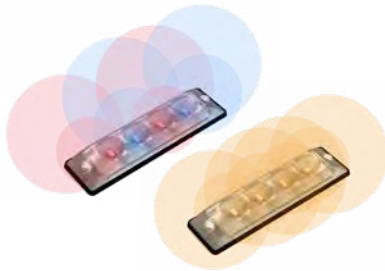

**CEL-Fi Go Mobile Repeater, Telstra**

Boost your connectivity with this kit, including 5G antenna, plus Wi-Fi repeaters in both the vehicle cabin and the service body.

Lighting Cont.

LED Worklight, Round

- 127mm, 39W, 2400lmn
- 110mm, 27W, 1080lmn

12 - 24V input. Flood pattern LED worklight includes stayput tilt & rotation base.

Driving Lights, Round

- LED
- Halogen
- HID
- LED/HID hybrid

Range of driving lights to meet fleet needs.

LED Worklight, Square

- 46W, Spot beam, 3756lmn
- 120W, Flood beam, 9831lmn

LED worklight includes stayput tilt and rotation base with options of spot or flood beams. 12 - 21V input.

LED Interior Strip Light

- 260mm
- 590mm

12 - 24V input. LED interior light with switch.

LED Driving Lightbar

- 250mm, 60W, 5400lmn
- 500mm, 120W, 10800lmn
- 750mm, 180W, 16200lmn

High performance LED lightbar featuring combo beam pattern for optimum balance of projection and spread. Cree LED's produce super white light. EMI/ EMC radio interference approved.

LED Auxiliary Reverse Light, 12-24V

Spot pattern LED auxiliary reverse light.

LED Worklight, Remote Control, 50W

12 - 24V input  
Spot pattern remote control LED worklight, 360 deg rotation, 135 deg tilt, wireless controller, auto return to home when switched off.

KOLO - Key On, Headlights On

- 12V
- 24V

Key-on-lights-on function. Headlights on with ignition.

LED Daytime Running Lights, Pair

Increases daytime visibility. ECE/ADR R87 approved. Fitted front grill.

# Signage & Wrapping for Utes, Trailers and Trucks.

Across the nation - or across town. Everything from reflective strips, call signs and compliance decals to a full vehicle/trailer wrap. Consistently deployed vehicle branding is a smart way to boost staff and client perceptions of your brand.

- Send out a positive message all year round, with high visibility
- Look sharp and smart
- Carefully considered & cost effective brand deployment

### Vehicle Signage

Signage designs may include brand packaging, part and full wraps, compliance, decals and fixed term promotional details. View our Hidrive FleetBrand™ brochure for our range and design inspiration for vehicle signage.

Well-designed signage on your service vehicle fleet will increase brand recognition for your business. Our FleetBrand team are experienced design and installation professionals, who you can trust through the design, production, and installation processes.

### Compliance Decals

- |  |  |
|--|--|
| <input type="checkbox"/> GVM               | <input type="checkbox"/> Spill Kit     |
| <input type="checkbox"/> Fire Extinguisher | <input type="checkbox"/> Call Sign     |
| <input type="checkbox"/> 1st Aid           | <input type="checkbox"/> Fleet/Unit No |

Save headaches by discussing your compliance needs with a Hidrive Mobile Workspace Specialist.

### Call Signs

Produced using florescent Yellow/Green Class 1 reflective material for side application. 260mm depth box size with 200mm depth text made to BMA specification.

Rear Call sign resized to suit workable space, produced from non-reflective material.

### Chevrons

Produced using Yellow and Red Class 1 reflective material. Available in full or partial coverage to suit all service body types and sizing.

### Conspicuity Tape

- ☐ White reflective tape to be used on front and sides of vehicles
  - ☐ Florescent Yellow/Green reflective tape to be used on sides of vehicles
  - ☐ Red reflective tape to be used on sides of vehicles
  - ☐ Yellow reflective tape to be used on sides and rear of vehicles
- 50mm Class 1 hi-vis reflective stripe. Compliance for mine and civil sites.

# SA Water's Fleet Transformation

## The Client

SA Water provides services to around 1.7 million South Australians, supplying, removing and treating water and wastewater. Hidrive partnered with SA Water, Lend Lease and Service Stream to deliver this milestone project.

## Needs Analysis

Two key problems were faced:

- Firstly, when updating the core fleet, SA Water was faced with vehicle supply issues as part of COVID-related global stock shortages
- Secondly, practices relying on excavators and big heavy equipment were to be replaced by "modern technology - Hydrovac units, blasting units... requiring a material change in the vehicle selection"

## Solution

After listening and understanding all of the issues, Hidrive was able to recommend the design of two distinct types of purpose-built service bodies, tailored to the tasks SA Water crews deal with on a daily basis.

**63**

Fit-for-purpose Hidrive ute & truck service bodies delivered.

**49**

Water maintenance vehicle fitouts.

**14**

Rapid response maintenance vehicle fitouts.

**100%**

Delivery in full, on time, in under 5 months.

**100%**

Change to a more modern methodology for service delivery for SA Water.

**100%**

Satisfaction with Hidrive's quality, professionalism and communication.

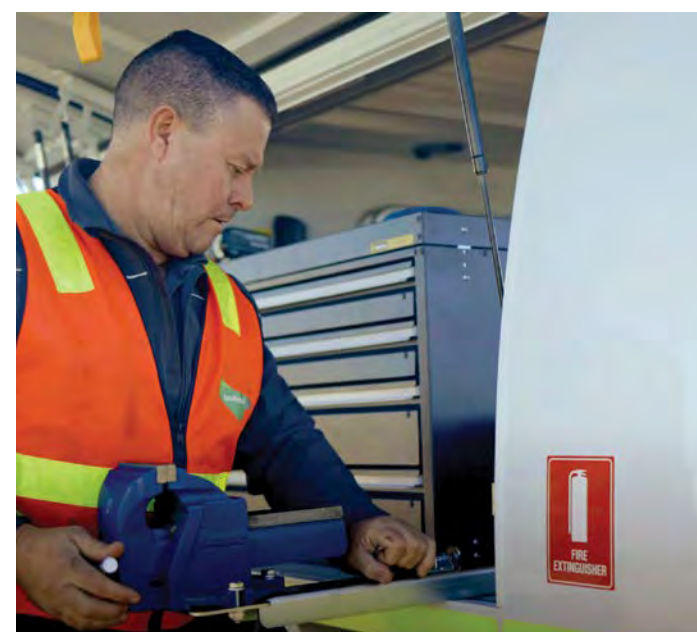

"We fit it all in; we've had great feedback from the technicians and obviously Hidrive have been fantastic. Critical in keeping the project flowing was Hidrive's extensive experience."

See this video case study at: [hidrive.com.au/case-studies/](https://hidrive.com.au/case-studies/)

"What Hidrive have done for Service Stream [SA Water] is deliver for our day one deadline. There aren't many body manufacturers that could deliver 63 vehicles in a timely schedule"

Michael Bourke - Service Stream PPEV Transition Lead

# SUSTAINABILITY

Choose Hidrive for the lowest possible carbon footprint.

1.

Whilst our structural warranty is 3 years, we know of bodies that have lasted 15+ years and must have done over 1 million kms. Many of our cheaper imported competitors are often cracked and rusting within 3 years, and often not in good enough condition to put on 2-5 utes or trucks. Hidrive service bodies are not fast fashion, they’re made to last. Don’t choose a service body that’ll end up in landfill at the end of a 3-year lease.
2.

Hidrive can be taken off one ute, and with a simple set of brackets, fitted to any brand of ute of similar size. There’s a popular second-hand market ready to buy your Hidrive. Re-use is greener than recycling!
3.

Hidrive is lighter so you burn less fuel and lower your CO2 emissions. Hidrive aluminium full canopies are often more than 100kg lighter than steel. For every 100 kg weight reduction, fuel consumption can decrease by 0.4L/100km for light trucks. That’s 4000 litres (9 tonnes of CO2) potentially saved over the 1 million kilometres a Hidrive service body may be used for.\*
4.

Hidrive is lighter so your brakes and brake rotors last longer, again reducing your footprint.
5.

Aluminium does not rust. This means less carbon footprint from reduced needs for re-painting for corrosion avoidance and to keep your fleet looking great.
6.

Hidrive is made in Australia, for the lowest global shipping carbon footprint. From scratch we make service bodies, towbars, roof racks, shelves, drawers, sliders, fold-out benches and much more.
7.

Your Hidrive body and all Hidrive manufactured accessories are made in Australia to last. That means less environmental impact of repair work, such as re-welding. We’ve made over 20,000 bodies and never had one returned with a structural crack, aside from accident damage.
8.

We’ve manufactured thousands of Hidrive drawers. These typically last for 8+ years with zero need for repairs or parts replacements. Many of our competitors, even some big brands, reportedly have regular breakages. Waste less time and fuel driving back for repairs!
9.

We’re a one-stop shop, for lowest local shipping carbon footprint. Hidrive do more under one roof than anyone in our industry. Why ship your ute, trailer or truck to 5 different suppliers for signwriting, bull-bar fitment, lighting fitment, interior fitout etc?
10.

We do not use fibreglass fibres or fibreglass resin at all. Fibreglass is not recyclable and presents pollution risks and risks to human health (especially during repairs.)
11.

Hidrive follow ISO9001 quality standards for our recycling processes for all recyclable materials, such as metals and rubber - at all manufacturing and installation locations.
12.

Hidrive’s 50 year Recycling Guarantee - Anyone can return any Hidrive product to any Hidrive location and we’ll ensure it is given to a reputable recycling service at no charge to you.

## Ute Service Body Dimensions (mm)

UTE	 SINGLE CAB	 EXTRA CAB	 DUAL CAB	HEIGHT	WIDTH

# SERVICE BODY TRAILERS

We sell complete trailers registered & delivered anywhere in Australia. Options fitted with your choice of accessories.

We will listen, understand your trade and apply lessons learned to make the trailer you need to succeed, anywhere. The trailer chassis, floor and canopy are alloy to avoid rust, save weight, stay under your gross combined mass limit, reduce fuel costs and braking distances.

To ensure your trailer is fitted out for your purpose, the process starts with a free consultation with a Hidrive Mobile Workspace Specialist, which can be requested on 1300 350 625.

We supply trailers including the rolling chassis. We make the floor and everything above it. This minimises weight, waste and maximises space. No point having a trailer with two floors. It also enables us to reinforce key areas, such as for a crane mount.

We do not:

- Put service bodies on your trailer
- Sell our service bodies to be put on your trailer

# TRUCK SERVICE BODIES

Hidrive service bodies are available for 4x2 & 4x4 trucks from 4.5t to 16t.

The service bodies sizes are tailored for your chassis with full canopy widths varying from 1900mm to 2400mm and lengths from 3300mm to 5850mm. The height of our full canopies can be up to 1400mm high.

The full suite of 190 groups of accessories are available to tailor your truck to your application.

To learn more and ensure your truck is fitted out for your application, the process starts with a free consultation with a Hidrive Mobile Workspace Specialist, which can be requested on 1300 350 625.

# LET'S CHAT!

## Save headaches for years to come.

Choosing vehicles, service body types, variations and accessories requires specialist advice. Perhaps you're still trying to decide between putting a service body on a ute or a trailer? Not sure how best to fit out your service body? Want to know what level of investment is required?

These are the type of questions we help our clients with - everyday.

Here are five reasons why booking a free consult with a Hidrive Mobile Workspace Specialist is a no-regrets move:

- ① Your service body will be used for years to come. The right advice now will save you time and money.
- ② You'll benefit from the lessons learned from over 20,000 other service bodies we've made since the 1990s. E.g. a VIC Electrician might be inspired by a Hidrive fitout in WA.
- ③ Whatever industry you're in, we're more likely than any other manufacturers to have experience tailoring service bodies for your industry and application.
- ④ Utes, trailers or trucks - we're here to understand your organisation and support you long term.
- ⑤ Without the best guidance, are you risking the safety, compliance, satisfaction, productivity or reputation of your business?

Chat with one of our helpful Mobile  
Workspace Specialists.
