

MAINTENANCE

Available for single, extra and dual cabs.

This highly functional canopy is purpose built for maintenance and facilities management teams who do the critical work of keeping our schools, hospitals, parks and other public infrastructure and assets operational, safe and optimally maintained. Designed to provide an efficient and compliant mobile workspace, this build balances organisational features and space - a perfect match.

Features and benefits

- + Ample storage for tools and parts including sturdy dividers to create separate spaces for flexible organisation.
- + A large open area for storing bulky items.
- + Restraint tracks and moveable lugs to secure items to the floor.
- + Side steps for safe and easy access to the rooftop trades rack or high internal shelving.
- + Water tank and soap dispenser for easy clean up after dirty jobs.
- + Underbody rear roller drawer for storing longer items like shovels, crowbars and poles.
- + Single key fob locks your vehicle and service body.

FEATURES & BENEFITS

Truck Service Body shown.

- A Aluminium polymer co-bonded construction.** For the lightest possible weight, maximum vibration absorption, reliability and rust resistance.
- B Concealed dual action adjustable hinge.** Keeps moving parts out of the weather, provides world-class security and sealing at the top, bottom and sides.
- C Flush floor system.** Never jam your fingers against a floor lip again! Easier to unload, use sliders and drawers.
- D Internal, external & under tray integrated fixing tracks.** For easy accessory repositioning & avoiding the need to drill holes in your service body.
- E Contoured body.** A unique shape designed with modern vehicle aesthetics, aerodynamics and fuel efficiency in mind.
- F Sealed tight.** The door seal channels water away, helping keep your workspace dry while the door is open. And our positive sealing system seals against dust and water ingress when closed.
- G Removable tail light panel.** Easy to replace if damaged and superior to welded tail light panels which can be costly to replace. Get back on the road quicker after minor accidents.
- H Security.** Single rotating lock handle with hardened locking rods and stainless steel striking plates offers unrivalled strength and security, giving you peace of mind.
Hidrive doors are also more easily replaceable than flush mounted designs.

TECHNICAL SPECIFICATIONS

BODY TYPE	Full Canopy	BUILD	S81564 Single Cab
NAME	Maintenance Service Body	DOORS	3
