

PARKS AND GARDENS

Available for single, extra and dual cabs.

Maintaining Australia's public green spaces and recreational facilities so they are pristine, safe and accessible is a vital community service provided by governments and allied businesses. This durable and space saving tool canopy design completes an ideal parks and gardens ute. It offers a central aisle for bulky tools and equipment, plus lockable storage boxes with modular shelving for all your tools of the trade. The tough aluminium exterior will go the distance for years to come.

Features and benefits

- + Spacious centre aisle for transporting large or dirty equipment such as hoses, reels, lawn mowers, brush cutters and blowers.
- + Accessory fixing tracks to fasten loads to the floor and rear drosides for easy access to the tray area.
- + A flashing strobe beacon for visibility in all conditions.
- + Parts cabinets for storing smaller consumables like sprinkler nozzles, with removable cases for easy transport of components between ute and worksite.
- + One-Click drawers with optional adjustable dividers for creating extra compartments.
- + Underbody rear roller drawer for longer tools and equipment such as garden rakes and shovels.
- + Single key fob locks your vehicle and service body.

FEATURES & BENEFITS

Truck Service Body shown.

- A Aluminium polymer co-bonded construction.** For the lightest possible weight, maximum vibration absorption, reliability and rust resistance.
- B Concealed dual action adjustable hinge.** Keeps moving parts out of the weather, provides world-class security and sealing at the top, bottom and sides.
- C Flush floor system.** Never jam your fingers against a floor lip again! Easier to unload, use sliders and drawers.
- D Internal, external & under tray integrated fixing tracks.** For easy accessory repositioning & avoiding the need to drill holes in your service body.
- E Contoured body.** A unique shape designed with modern vehicle aesthetics, aerodynamics and fuel efficiency in mind.
- F Sealed tight.** The door seal channels water away, helping keep your workspace dry while the door is open. And our positive sealing system seals against dust and water ingress when closed.
- G Removable tail light panel.** Easy to replace if damaged and superior to welded tail light panels which can be costly to replace. Get back on the road quicker after minor accidents.
- H Security.** Single rotating lock handle with hardened locking rods and stainless steel striking plates offers unrivalled strength and security, giving you peace of mind.
Hidrive doors are also more easily replaceable than flush mounted designs.

TECHNICAL SPECIFICATIONS

BODY TYPE	Tool Canopy	BUILD	S99729 Extra Cab
NAME	Parks and Gardens Service Body	DOORS	2

CANOPY

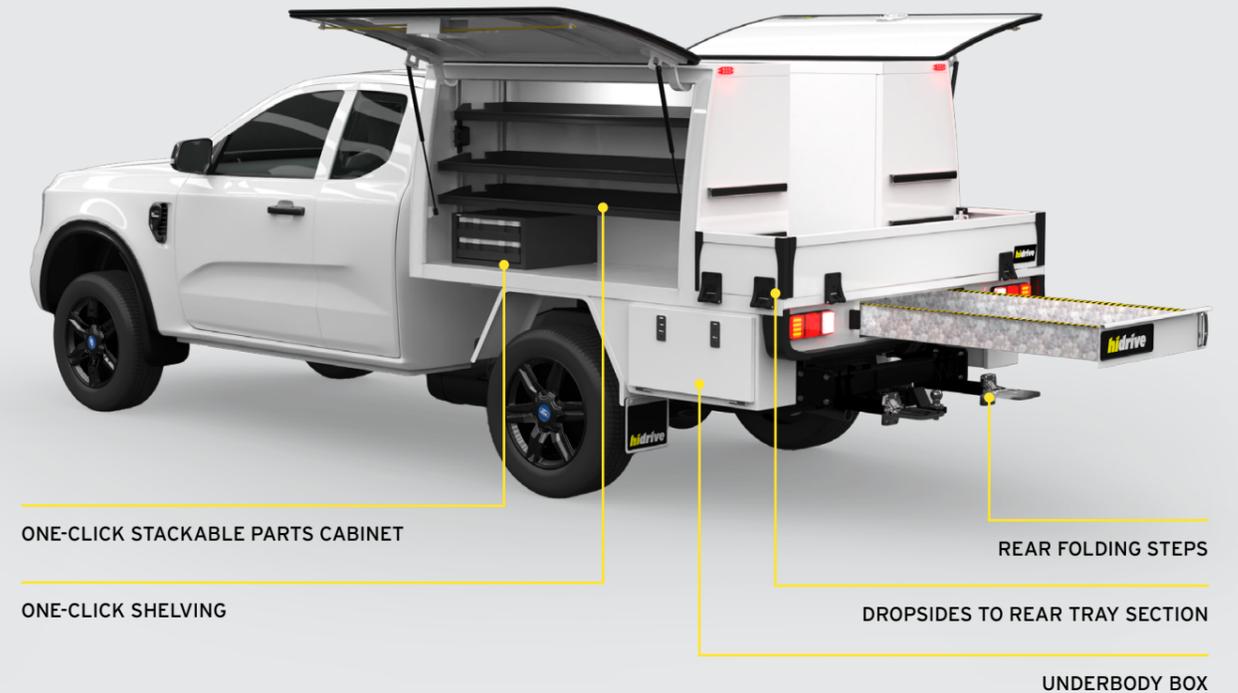

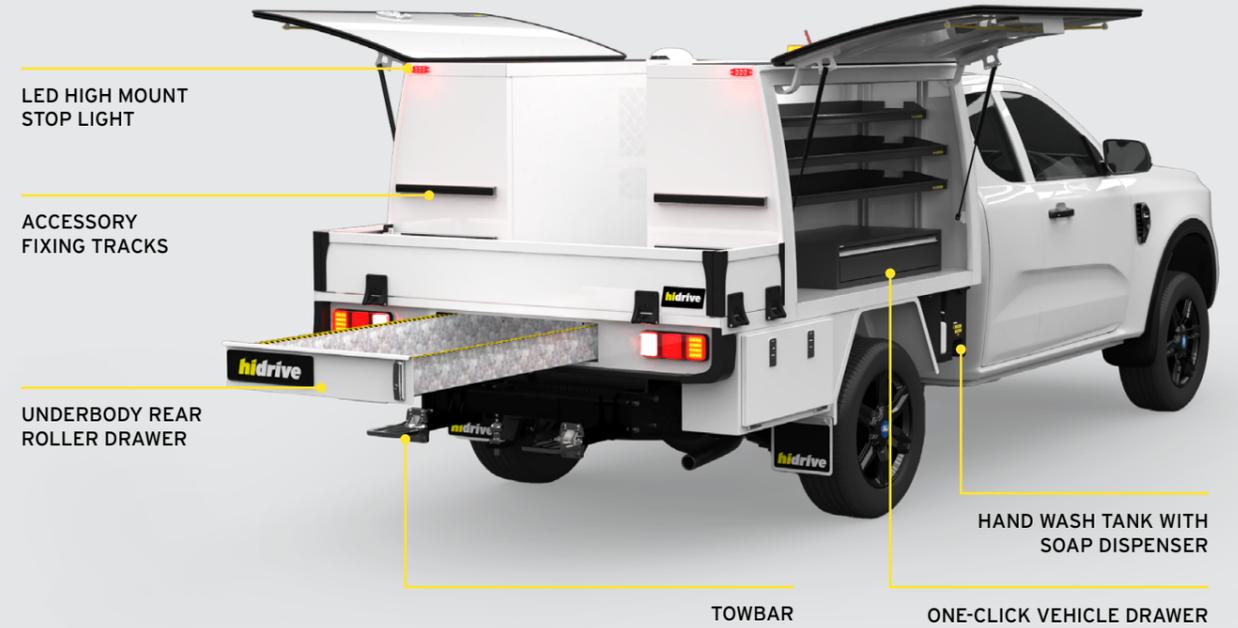

- Tray: L2100 x W1850mm
