

# SERVICE TRUCK

Keeping fleet assets well maintained and on the road is vital for all organisations. Our Service Truck has room for your mechanical tools of trade and all the spare parts you need day to day. With a mobile crane unit for safe lifting of hydraulic rams and heavy tracks or spare wheels, this is a fit-for-purpose service body with a healthy payload, meeting any WHS requirements.

### Features and benefits

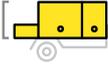

- + The U canopy service body maximises organisation and efficiency offering ample secure storage in the full-width canopy section at the front, bolstered by a rear tray section and open centre aisle (optional aisle door and roof available separately).
- + Multiple storage zones are ideal for keeping your day-to-day gear in easy reach while also being able to store and transport large and awkward loads in the rear tray and centre aisle.
- + Underbody storage boxes and a water tank with soap dispenser offer additional flexible storage and easy clean up after dirty jobs.
- + Compliant internal gas bottle storage meets WHS requirements.
- + A range of LED worklights ensure round the clock visibility and productivity for work crews.
- + Single key fob locks your vehicle and service body.

# FEATURES & BENEFITS

Truck Service Body shown.

- A Aluminium polymer co-bonded construction.** For the lightest possible weight, maximum vibration absorption, reliability and rust resistance.
- B Concealed dual action adjustable hinge.** Keeps moving parts out of the weather, provides world-class security and sealing at the top, bottom and sides.
- C Flush floor system.** Never jam your fingers against a floor lip again! Easier to unload, use sliders and drawers.
- D Internal, external & under tray integrated fixing tracks.** For easy accessory repositioning & avoiding the need to drill holes in your service body.
- E Contoured body.** A unique shape designed with modern vehicle aesthetics, aerodynamics and fuel efficiency in mind.
- F Sealed tight.** The door seal channels water away, helping keep your workspace dry while the door is open. And our positive sealing system seals against dust and water ingress when closed.
- G Removable tail light panel.** Easy to replace if damaged and superior to welded tail light panels which can be costly to replace. Get back on the road quicker after minor accidents.
- H Security.** Single rotating lock handle with hardened locking rods and stainless steel striking plates offers unrivalled strength and security, giving you peace of mind.  
Hidrive doors are also more easily replaceable than flush mounted designs.

# TECHNICAL SPECIFICATIONS

BODY TYPE	U Canopy	BUILD	S81750 Single Cab
NAME	Service Truck	DOORS	4

## CANOPY

- Overall body: L3750 x W2050 x R3600mm
- U Canopy: L2400 x W2050 x H1100mm
- U Canopy boxes: L1650 x W600 x H1100mm (aisle W850mm)
