

# SURVEYOR

Available for single, extra and dual cabs.

Specialist survey equipment needs to be stored in a clean and dry environment and kept secure. Our Surveyor build is an innovative and compliant solution for transporting and organising prisms, theodolites and the many other tools of the surveyor trade.

## Features and benefits

- + Fitout ensures valuable survey equipment is organised and secure during transit.
- + The fridge and slide enable crews to stay in the field all day with access to chilled food and water, avoiding the need to leave site to maintain health and safety requirements.
- + The underbody rear roller drawer suits long equipment like shovels, poles and marker pegs.
- + The high-mounted tripod rack provides secure storage and protection for tripods and frees up floor space.
- + The full width rear door enables maximum access to the rear of the canopy, great for loading and unloading bulky cases and other large items.
- + Single key fob locks your vehicle and service body.

# FEATURES & BENEFITS

Truck Service Body shown.

- A Aluminium polymer co-bonded construction.** For the lightest possible weight, maximum vibration absorption, reliability and rust resistance.
- B Concealed dual action adjustable hinge.** Keeps moving parts out of the weather, provides world-class security and sealing at the top, bottom and sides.
- C Flush floor system.** Never jam your fingers against a floor lip again! Easier to unload, use sliders and drawers.
- D Internal, external & under tray integrated fixing tracks.** For easy accessory repositioning & avoiding the need to drill holes in your service body.
- E Contoured body.** A unique shape designed with modern vehicle aesthetics, aerodynamics and fuel efficiency in mind.
- F Sealed tight.** The door seal channels water away, helping keep your workspace dry while the door is open. And our positive sealing system seals against dust and water ingress when closed.
- G Removable tail light panel.** Easy to replace if damaged and superior to welded tail light panels which can be costly to replace. Get back on the road quicker after minor accidents.
- H Security.** Single rotating lock handle with hardened locking rods and stainless steel striking plates offers unrivalled strength and security, giving you peace of mind.  
Hidrive doors are also more easily replaceable than flush mounted designs.

# TECHNICAL SPECIFICATIONS

BODY TYPE	Full Canopy	BUILD	S81568 Dual Cab
NAME	Surveyor Service Body	DOORS	3

### CANOPY

- Canopy: L1800 x W1850 x H900 x R2100mm
